## FOLLOWERS OF BATISTA EXECUTED

By LARRY ALLEN

HAVANA, Cuba (AP)—Speedy "war crimes" trials for followers of fallen Dictator Fulgencio Batista have begun in Cuba. Fifteen military officers already have been executed.

Provisional President Manuel Urrutia said thousands of persons will be tried by revolutionary courts in "the same manner as war criminals were tried in Germany." They will be charged with crimes against the Cuban people.

Some of the accused still are being sought, Urrutia told a news conference Wednesday night. At least 1,100 persons have been reported arrested since Batista fled to the Dominican Republic a week ago and victorious rebel leader Fidel Castro proclaimed Urrutia as provisional president. Gunfire flared briefly in Havana again Wednesday night. Machine-guns and other automatic weapons fired for about 15 minutes near the American-operated Nacional Hotel as rebel militia reportedly pursued several carloads of men (Turn to Page Twelve)

## G.O.P. Senators Trying to Heal 'Scars of War'

WASHINGTON (AP)—Republican senators tried today to heal the scars of their party feud, by joining in a drive to win choice committee spots for both factions.

Sen. Styles Bridges of New Hampshire, leader of the old line Senate GOP forces, said he was conferring with Democratic Leader Lyndon B. Johnson of Texas on the possibility of expanding several key committees.

This would mean increasing the size of the foreign relations, armed services, finance, commerce and banking committees, each of which now has 15 members.

Bridges had the public support of Sen. Everett M. Dirksen of Illinois, who won the GOP floor leadership by a 20-14 vote that defeated Sen. John Sherman Cooper of Kentucky, candidate of an insurgent bloc.

Joining them was Sen. Thomas H. Kuchel of California, insurgent entry who won the post of assistant leader, or whip, by the same margin over Sen. Karl Mundt of South Dakota, who had been put forward by some of the conservative group.

## North Tonawanda Has State of Emergency

NORTH TONAWANDA, N. Y. (AP)—The 25,000 residents of this city in western New York state boiled their drinking water today after ice sludge in the Niagara River blocked the main water system intake.

Schools were closed and many business establishments curtailed operations when Mayor John F. Kopszynski declared a state of emergency Wednesday.

Engineers were attempting to melt the ice sludge and Wednesday night had restored water pressure to about two-thirds of normal. But emergency measures, including the use of pumps to bypass the blocked intake, remained in force.

## Emergency Advertising Less Satisfactory Than Papers

NEW YORK (AP)—The yuletide strike shut down of nine New York City newspapers has given advertisers a "new awareness" that newspapers are vital to them, a trade group reports on the basis of a survey.

The Newspaper Information Committee, composed of a representative group of Canadian newspaper producers, conducted a canvass on the effect of the newspaper blackout here.

A strike by the Newspaper and Mail Deliveries Union, Inc., led to a newspaper shutdown for 19 days, which ran three days past Christmas.

### Elderly Friend of Birds Traffic Victim

CHICAGO (AP)—Each morning for the last five years an elderly woman, carrying a bag of bread crumbs, headed for Gompers Park.

She would get a chirpy greeting at the park from birds and squirrels. Then she'd spread the crumbs, watch them eat and return to her home, the Bohemian Home for Children and the Aged.

Wednesday Mary Cadilek, 84, a widow, left the home as usual at 6 a. m. As she crossed the street, she was struck and killed by a hit and run driver. A bag of bread crumbs was at her side.

## De Gaulle To Be First President Of Fifth Republic

PARIS (AP)—Gen. Charles de Gaulle became today the first President of the Fifth French Republic and appointed Michel Debre as Premier.

In taking the oath of office, De Gaulle declared that during his seven-year term he would, if need be, impose what the public good demands.

Debre is an ardent Nationalist, a longtime Gaullist, and chief architect of the new constitution establishing the Fifth Republic.

Debre, who will be 47 in a week, was justice minister in De Gaulle's interim government. Naming Debre was De Gaulle's first major act after he assumed the presidency of the republic shortly after noon. De Gaulle rode triumphantly down the Champs Elysees, then returned to his Elysee palace and summoned Debre.

Debre, a lawyer and administrative specialist, will share executive duties with De Gaulle. The new constitution gives most effective power to the president.

The constitution provides that the president name the premier. There is no provision, as previously, for the National Assembly to confirm him in office.

Cries of "Vive De Gaulle" came from thousands lining the broad Champs Elysees as he drove up the avenue in an open car after taking office. The 68-year-old wartime Free French leader stood stiff and erect despite the cold.

The "C-L-W" Corporation today announced purchase of the Leonhart Building at the northeast corner of Pennsylvania avenue and Liberty street.

"C-L-W" represents Carters Shoe Shop, the Lundahls of Style Shop and Watt Office Supply Store. Principals are Floyd Carter, Carl, Norman and Willis Lundahl, and Oliver Watt.

Purchase was made from 220 Liberty Street, Inc., headed by Don C. Smith. Mr. Smith originally purchased that building, plus other property down to C. Beckleys in September of 1958 from the estate of Joe Mullen. He inherited it from Ella Leonhart.

Store at the corner of the building is Widman and Teah Drug Store. Upstairs is Carson Finance, plus several other rented rooms.

Also included in the purchase is a small rear building used by Style Shop for storage and tailoring space. Rights of way were protected in the agreement.

## Most Powerful Rocket Will Be Fired Soon

CAPE CANAVERAL, Fla. (AP)—The Air Force is pushing ahead with plans to fire the Titan, the nation's newest and most powerful war rocket.

The 90-foot intercontinental range ballistic missile gushed fire and smoke Wednesday during a preliminary ground test of the first stage engine. If all went well in the static test, a launching was expected to follow in the near future.

Although the test lasted only seconds, it was learned that the attempt was successful.

## Finance Chairman Discusses New Tax Propositions

HARRISBURG (AP)—Chairman Edward J. Kessler (R-Lancaster) of the Senate Finance Committee said today 200 million dollars in additional sales taxes can be raised if the 3 per cent levy is extended to food.

An extra 85-million-dollar yield could come by removing the clothing exemption, he said.

"We have come up with these estimates but it is no indication that the tax will be extended to these items," he told The Associated Press. "We are purely at the exploratory stage."

He said the figures were devised by the Joint State Government Commission, the research arm of the Legislature, and were still tentative.

Expansion of the sales tax has been discussed as a means of closing the commonwealth's revenue gap estimated to be close to 500 million dollars in the two-year (Turn to Page Twelve)

## Beaver Co. Conspiracy Charges Are Dismissed

BEAVER, Pa. (AP)—Justice of the Peace Helen M. Furish has dismissed conspiracy charges against the Beaver County district attorney and two county detectives.

Joseph Burns, a Pittsburgh legal investigator, was accused District Atty. Richard P. Steward and detectives John Italia and Russell Meskow, of conspiring to procure false evidence against Frank Senk, 25, of Ambridge.

### Tot Seeks Brother Who Doesn't Exist

CARTHAGE, Mo. (AP)—Neoma Gorman answered a knock at her door and found 7-year-old Everett Stark looking for help.

Everett said he had lost his little brother.

Lt. Carroll Maxwell answered Mrs. Gorman's call to police. He took Everett home, four blocks away, to report the disappearance of little brother to the parents before starting the search.

But the boy's father, Ellis Stark, wouldn't hear of a search being made.

Everett doesn't have a little brother.

## Sex Fiend Sought In Brutal Killing Of Young Mother

ST. LOUIS, Mo. (AP)—Police say there is no doubt a sex maniac mutilated and killed a young mother, whose body was found Wednesday in her car here.

Mrs. Ruth Ann Montague, 32, a social worker and the mother of two, was found 13 hours after she left a sorority party. She apparently was strangled with two lengths of rope found near the car. An autopsy is to be performed today.

Her car was parked across the street from the home of Mrs. Elizabeth Brookman, where the Phi Mu sorority party was held.

Mrs. Montague's brother, Donald Jones, found the body. He began looking for her after her husband, Charles D. Montague, notified police and members of the family that she was missing.

Police said objects found at the scene and marks on the body left no doubt that Mrs. Montague was killed by a sadist.

Her body had a superficial cut on each thigh, a deep scratch on her throat and nine punctures of the skin. The mutilations were made after death, police said. Officers said she was not raped.

Mrs. Montague's stockings were rolled down about her ankles. She was clothed in a black cloth coat and blue dress.

Police said there was dirt on her heels, as if she had been dragged across soft ground. Officers searched a nearby park and other secluded areas for clues as to where the slaying occurred.

## Ike Plans to Use TV to Enlist Public Support

WASHINGTON (AP)—President Eisenhower, pictured as determined to meet head on any Democratic opposition to his legislative program, may use television to enlist public support of his proposals.

White House Press Secretary James C. Hagerty said Wednesday night there has been no decision so far whether Eisenhower will make television appeals.

But he indicated a decision on television or other public appeals will depend on the reaction to Eisenhower's program in the new heavily Democratic Congress.

Eisenhower is expected to outline much of his program in his State of the Union message to Congress Friday.

## RED ENVOY TAKES OFF FOR DETROIT

By THOMAS P. WHITNEY  
DETROIT (AP)—Touring Soviet Dep. Premier Anastas Mikoyan arrived in Detroit today at Willow Run airport without any picket incidents.

His arrival coincided with a statement by President Eisenhower in Washington urging courteous treatment for the Russian and deploring demonstrations by pickets.

Mikoyan stepped off his commercial airplane after a flight from Cleveland.

Baltic national groups had pickets at the airport. But officials rushed the Soviet official out a rear door of the airplane hangar and drove from the airport by a round-about route.

He made a brief address at the airport commenting that Russia's automobile industry was developed with the aid of Detroit auto experts.

WASHINGTON (AP)—President Eisenhower, noting demonstrations against Anastas Mikoyan in this country, today called for courteous treatment of the Soviet visitor.

The White House made it clear that Eisenhower is disturbed by these demonstrations against the Soviet deputy premier, now touring the United States.

In Cleveland Wednesday, Mikoyan was greeted by chanting, shouting, sign-waving demonstrators. One young woman, identified as a Hungarian refugee, was arrested for throwing a rock in the general direction of the Russian party.

Protesting pickets also were on hand at Detroit when Mikoyan arrived there today.

CLEVELAND, Ohio (AP)—Anastas I. Mikoyan piles up more mileage through the Midwest today as he heads for Detroit in his fast-stepping drive for firmer peace and better trade relations between the United States and Russia.

The Soviet deputy premier met with some of the Midwest's wealthiest industrialists here Wednesday in a visit marked sporadically with bitter street demonstrations by Hungarian Freedom Fighters and immigrants from other Iron Curtain countries.

Mikoyan is paying no attention at all to demonstrations against his visit. He is firmly pursuing his policy of emanating friendship, good humor and advocacy of better trade relations.

## Fed. Grand Jury Turns Attention On Erie County

PITTSBURGH (AP)—A Federal grand jury probing racket activities in western Pennsylvania shifts its attention today to Erie.

More than 20 witnesses from Erie, including eight police officers, were called to give sworn testimony. Persons from other counties are expected to be called later.

The grand jury investigation was resumed Wednesday as the continuation of a federal probe begun last fall and recessed in October.

Prior to the start of the original investigation U. S. Atty. Hubert I. Teitelbaum said he had received reports allegedly linking some law enforcement officials with reputed racketeers.

Seven witnesses were closeted with the panel Wednesday. They were Allen Carnahan, a former Pittsburgh policeman; patrolman John James and detective Robert Butzler of Pittsburgh; Dist. Atty. Joseph Kovach and detective James Fadie of Fayette County; and Chester Stupak and Henry Katz of Pittsburgh.

Eight other persons scheduled to testify were asked to return next Tuesday.

### TASS COVERS TRIP

MOSCOW (AP)—The Soviet news agency Tass today reported Anastas Mikoyan's Cleveland reception in detail usually reserved for the highest level of news developments.

Tass even reported that Mrs. Cyrus Eaton gave flowers to Mikoyan and Soviet Ambassador Mikhail Menshikov.

### Many Assignments For Assemblyman

Assemblyman Allen M. Gibson, of this city, returned during the night from Harrisburg where he attended the opening session of the 1959 Legislature. Mr. Gibson, besides being House Minority Whip, is also a member of the Policy Committee, executive committee of the Joint State Government Commission, the State Highway and Bridge Authority and the Commission on Interstate Cooperation. Committee assignments in the House include Public Utilities and Corporations, Ways and Means and Banking and Building Loan Associations. He is also one of three House members on the committee arranging for the inauguration of Governor-elect Lawrence. Stokes Photo.

## Sixteen Are Fire Victims In Oklahoma

BOSWELL, Okla. (AP)—Fifteen children and an adult died today in a roaring fire in a four-room wooden home.

All the bodies except that of one child were piled on and around a bed in a rear room which had no outside door.

Apparently someone pushed the one child out a window but the child was dead.

The victims were Sara Gardner, 38; her 10 children; three orphaned nieces; and two visiting nephews from Oklahoma City.

All the victims were Negroes. Booker Gardner, the father, had been away hunting.

Almost in shock and his face haggard, Gardner, a Negro, walked about aimlessly, apparently unable to comprehend immediately the disaster which struck his family.

He said that when he started home from his hunting trip before dawn this morning, "I felt sorta funny."

He received the news at the farm home of Vernon Love, who drove him to the disaster scene. Gardner told Tony Price, reporter of the Paris (Tex.) News, that he started on a hunt about 7:30 o'clock Wednesday night and hunted all night. Hunting with him was a nephew from Oklahoma City, who was visiting in the home.

Gardner is a day laborer in this southern Oklahoma town of about 1,000 population.

He listed the victims as: His wife; their 10 children: Juanita, 15; Easter, 13; Isaac, 11; Larry, 9; Louise, 8; Gwen, 7; Omie, 5; John Anthony 2, and Patricia Ann and Patricia Jan, 6-week-old twins; and three nieces and two nephews.

## New Government of Cuba Is Recognized

WASHINGTON (AP)—The new revolutionary government of Cuba has been officially recognized by the United States.

Diplomatic recognition was granted Cuba's provisional government six days after the regime of dictator Fulgencio Batista toppled following months of fighting with Fidel Castro's rebel forces.

The recognition note delivered in Havana late Wednesday to the new Cuban foreign minister, Robert Daniel Agramonte, included a goodwill message from the government and people of the United States to the Cubans and their new government.

It noted that the new government has agreed to live up to Cuba's international obligations.

## SENATE IS PLUNGED INTO RULES SCRAP WITH LYNDON JOHNSON LEADING ATTACK

WASHINGTON (AP)—Senate Democratic leader Lyndon B. Johnson said today he was agreeable to a quick showdown on a move to substitute a stiffer proposal for his own compromise anti-filibuster plan.

The Texan's offer indicated he was confident of mustering the votes to beat back a counter-attack planned by strategists for a bipartisan bloc of senators advocating a tougher clampdown on filibusters.

Johnson outflanked them Wednesday by advancing his compromise at the opening of the new Senate session before they had a chance to offer their own proposal.

As the Senate plunged into the rules scrap today, Sen. Mike Mansfield (D-Mont.), the assistant majority leader, defended Johnson against charges of high-handed tactics.

Mansfield said there had been "talk of hijacking and black-jacking" because Johnson had jumped the gun on the bipartisan coalition by acting first.

But Mansfield said he wanted to make it clear that Johnson's move would not prevent the Senate from voting on any and all alternate proposals for revising the Senate's anti-filibuster rule.

In the background of the filibuster fight is the simmering

### BULLETIN

WASHINGTON (AP)—The Senate moved toward a quick first showdown in the filibuster fight today with the immediate issue narrowed to the question whether to throw the Senate rules open for revision. Sen. Lyndon B. Johnson of Texas, the Democratic leader, agreed to the move and pushed it along, then announced plans to try to kill the proposal for new rules by means of a motion to table.

Johnson told fellow Senate Democrats Wednesday there is a "deficit of vigor" in the Eisenhower administration. They therefore have a mandate to assume constructive leadership "beginning now, not two years hence," he added.

## 28th Division About To Be Reorganized

HARRISBURG (AP)—New ideas on the best way to fight on the atomic battlefield soon will cause a reorganization of Pennsylvania's historic 28th National Guard Division.

Maj. Gen. Henry K. Fluck, division commander, said Wednesday that the division would convert to the modern "pentomic" organization as soon as details are worked out.

Under the present system the division has three infantry regiments backed up by supporting units. Under the new system the three regiments will become five "battle groups."

"The battle group is a highly mobile unit and has considerable fire power, but it is smaller in size than the present regiment," said Fluck.

Direct telephone service from Pittsburgh to Erie and inter-

phone service in Sharon District is interrupted

he presumed Gov. Leader would have called a special session last year if there had been some insurmountable financial problem.

The House adjourned Wednesday until Jan. 19 after naming committees and accepting the first batch of bills. House Bill No. 1 turned out to be a proposal to extend for two more years the expired Dec. 31 deadline for filing applications for a bonus by World War II veterans. Some 50,000 veterans have still to seek this bonus first authorized 10 years ago.

The recess for next year was forced as in other years, by the State Farm Show which attracts thousands of visitors to Harrisburg and hotel accommodations become a premium.

The introduction of bills in the House Wednesday was virtually a precedent. In past years, both branches gave themselves a breathing spell of a week or so to name committees and accept bills.

The Senate, however, put off introduction of bills until at least Jan. 20.

House Speaker Calls Upon Lawrence to Trot Out Bills

HARRISBURG (AP)—House Speaker H. G. Andrews today called on Gov.-elect Lawrence to trot out emergency legislation as soon as he takes office Jan. 20 or face the prospect of an immediate legislative recess.

He said there was no point in convening the Legislature week after week if there are no bills to act upon.

### Bad Check Artist At 14 Is Caught By Local Police

City police last night apprehended a 16-year-old boy who had begun a small life of crime two years earlier by forging checks.

Officer Willard Zerbe was checking doors early in the evening when he found a 16-year-old and a 15-year-old boy each carrying a case of empty pop bottles from the alley between Don Finley's and Hultman's Cleaners.

Under questioning the boys admitted they had entered the unlocked cellar of Angove's Market, found the bottles, and were taking them to a nearby store for deposit, which would have amounted to about \$1 apiece.

The older boy, already a suspect in some recent bogus check passing, admitted under questioning that he had been the one who found in Warren High School the missing checkbook of Explorer Scout Troop No. 13 at North Warren.

The two boys were released into custody of their parents, but not until it was ascertained that the 16-year-old, plus two 16-year-old companions, had been passing worthless checks previously in 1956.

Latest spree was last November when checks from the Explorer Troop made appearances at Guilford's Market for \$10 and at Hedberg's Gift Shop for \$18.50. The boy had been scared off when a \$25 check was questioned at A'Harris's Grocery and again at the store at the corner of Madison and Crescent.

Police Chief Mike Egan said after this admission the force began checking other, older worthless checks and that when the boy was 14, Grange's Store and Guilford's had each been nipped for \$10 in 1956, and that Finley's had been bilked of \$56 and \$10.

That the lad was becoming slicker in his operation was evidenced by his latest check passing maneuver. In mid-November, the lad took an old learner's permit, erased the name and serial number, and changed both. The expert job fooled the cashier and \$30 went to the youthful criminal on a check taken from his grandmother's check book. A call to Harrisburg revealed that the changed number belonged to a girl in Reading, according to Chief Egan.

All three 16-year-olds will be held for juvenile court. The youngest boy will only be charged with removing the bottles, apparently a common practice for many area youths when they need a few pennies.

### Oddities in the News

**TUCSON, Ariz. (AP)**—Van Cliburn and his Tucson dentist have confirmed that dental work has interrupted the Texas pianist's concert tour. The dentist, who declined use of his name, said the treatment was necessary and Cliburn "should be left alone to have it done."

**PHOENIX, Ariz. (AP)**—Rupert Loza picked up a piece of what he thought was costume jewelry in the mud near a hotel and gave it to his young daughter, who carelessly tied it to her favorite rag doll—until the bracelet was identified in the lost and found ads as platinum with 21 diamonds, valued at \$4,000. The Lozas returned it.

**SEATTLE, Wash. (AP)**—Two youths drove up to a service station in suburban Renton and pulled a pistol on attendant Roy Wendt. "I haven't any money," Wendt said. "Okay," answered one would-be robber. "Fill up the tank, then." Wendt did \$3.35 worth. The robbers drove off—but not until they received their change for a \$5 bill one of them handed Wendt.

## Hollywood News

By JAMES BACON  
AP Motion Picture Writer

**HOLLYWOOD (AP)**—The man who made one of the screen's all-time great love stories calls modern movie lovemaking vulgar.

"It's embarrassing to watch," says Director Frank Borzage, who made "Seventh Heaven," with Charles Farrell and Janet Gaynor in 1927, a picture that won the first Oscars ever awarded an actress and a director.

"Lovemaking on the screen used to be tender and sweet," says Borzage. "It was left to the audience's imagination what was taking place."

"Now nothing is left to the imagination. Kissing is more gum chewing now than lovemaking."

Borzage says lovemaking hasn't changed much through the centuries — except on the screen.

"Most boys and girls are still shy and sweet about it like they always were. It should never be coarse nor sordid."

Borzage didn't bring it up but the remake of one of his old pictures serves as a perfect example.

Frank made the first "Farewell to Arms" with Gary Cooper and Helen Hayes. It was an artistic and commercial success.

The recent one with Rock Hudson and Jennifer Jones was not. In the original "Farewell," censors cut out a scene from the script in which Cooper seduces Miss Hayes while the Italian troops march off in the distance.

Borzage convinced the censors

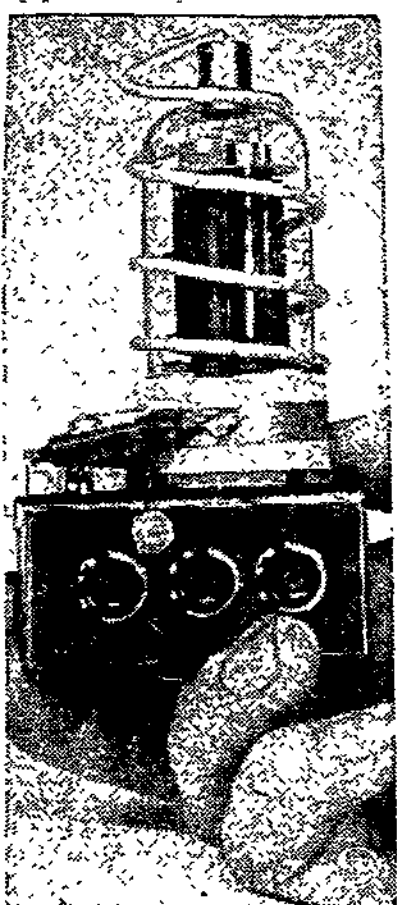

that he could portray the scene in good taste. "I did it all with their eyes," he recalls. "The censors passed the filmed scene. The audience knew what was happening but was not offended."

In the recent remake, the illicit angles of the Hemingway story were stressed. One scene showed Miss Jones going through the pains of childbirth. The scene was so realistic that several persons, including actress Audrey Hepburn, fainted at the premier. Yet the picture was far from being the commercial success its predecessor was.

Borzage, inactive much of the last few years, is making one of the biggest pictures of his career now. It's the late Loyd C. Douglas' last novel "The Big Fisherman," a story of St. Peter.

Borzage. "It was left to the audience's imagination what was taking place."

## Republicans Aim To Strip Lieut. Gov. of Power

**HARRISBURG (AP)**—Senate Republicans today readied a plan to strip the incoming Democratic lieutenant governor of his role in assigning legislation to Senate committees.

Sen. James S. Berger, Republican floor leader, said the plan called for sending all bills to the GOP-controlled Rules Committee and from there to the various standing committees.

Berger said the move is designed to "make referral of bills to their proper committees more convenient."

But Democrats see the measure as a move to strip the lieutenant governor—presiding officer in the Senate—of his authority to refer bills to committee.

The lieutenant governor-elect is John Morgan Davis. The post is held now by Lt. Gov. Roy E. Furman, also a Democrat.

"We're very much against the proposed rules change," declared Sen. Charles R. Weiner, Democratic floor leader.

"The automatic referral of legislation to the Rules Committee usurps not only the prerogative of the lieutenant governor but also the standing committees of the Senate," he added.

Indications were the rules committee would have a virtual veto power on any bill appearing in the chamber. Asked if he would attach a rider to the proposed change requiring all bills sent to the Rules Committee to be sent back to the floor for further action, Berger said "it is still under discussion."

"Our aim is not to bottle up legislation," said Berger. "We have not contemplated that. Nor is our aim to strip the lieutenant governor of his authority."

"This is part of a general re-vamping of rules. We may make other changes, too," he added. He did not indicate what they would be.

## W P L REPORTING

Increased concern about children's reading — stimulated by the publication of books such as Rudolph Flesch's controversial "Why Johnny Can't Read" and other recent titles — has brought stepped up requests to the Warren Public Library for guides to reading.

"Parents have shown a great deal of interest in the reading of their children in recent years and many look to the library for assistance in helping their youngsters to read more easily and with greater pleasure," Librarian Mrs. Georgia Coyle explained.

One of the best handbooks on children's reading is the recently-published "A Parent's Guide to Children's Reading," by Nancy Larrick. Sponsored by the National Book Committee, with the help of consultants from 18 national organizations, the manual tells parents how to introduce books to pre-school and elementary school boys and girls and how to help them increase reading skill.

Miss Larrick, a former classroom teacher and president of the International Reading Association, feels the parent has an important role in encouraging children to read.

"Every time you read aloud to the child, every time you introduce new storybook friends, every time you pay a visit to the library or read books of your own, you are exerting a favorable influence on your child's reading," she says.

The six sections of the handbook cover such aspects of reading as "How You Can Help, Day In and Day Out," "Surround Him With Books" and "How Reading is Taught Today." One of the most valuable features is a descriptive list, grouped by age, of "Favorite Books for Children," with suggestions for building a home library.

The book, a non-profit venture, has been published in both a hard-bound permanent volume, which is now available at the library, and an inexpensive paper-bound edition.

## Veterans News

Korean war veterans in Pittsburgh going to school under the GI Bill should remember that late certification means late checks!

That's the warning given by Alvin Guyler, Manager of the Pittsburgh VA office.

Once each month veteran-students must sign a certification of their attendance at the school. This, of course, is also signed by the school.

If this certification does not go out promptly at the end of each month, then the VA cannot authorize payments of the veteran's monthly allowance check.

The VA official cautioned that any veteran who has not signed his certification by the fifth of the month should see the Registrar at the school. Mr. Guyler also pointed out

GI trainees are not subject to outside income limitations. Part-time jobs to supplement the VA allowance need no prior approval by the VA.

Only veterans taking on-the-job training are subjected to income limitations.

There are more than 13,000 Korean veterans in the Pittsburgh territory enrolled under the Korean GI Bill.

## SEN. CHAPMAN SCORES AGAIN

We said it many times before but it bears repeating again "Our State Senator Dr. LeRoy E. Chapman, as was anticipated, has again been recognized for long experience and efficient service by being reappointed, unanimously, as chairman of the important Appropriations Committee of the upper house of the State Legislature at Harrisburg." A copy of the standing committees of the Senate for the 1959 session just received, also reveals that Dr. Chapman, besides retaining his important post on Appropriations, has also been assigned to the following other committees: Constitutional Changes and Federal Relations, Elections, Highways, Judiciary General, Labor and Industry, and Public Health and Welfare, having been assigned the post of vice chairman of the latter.

In looking over the list of committee assignments, it is interesting to note that Senator James Berger, native of Warren, where he was born and raised, now representing the 25th district in the upper house, has also been recognized as an outstanding representative by being assigned the chairmanship of the important Rules committee, in addition to these other committee appointments — Appropriations, Education, Executive Nominations, Finance, Forests and Waters, Game and Fish, Mines and Mining, and Public Health and Welfare.

In connection with this latest recognition given Senator Chapman it is interesting to review again his long record of public service and trust, since he was first elected school director in Glade township and later Warren borough back in 1906 to 1911. Later he was county coroner from 1912 to 1921, when he was elected burgess of Warren serving from 1922 to 1930 when he was first elected to the State Senate, having been re-elected consecutively seven times since, including 1958. And it is interesting to remind that he has been chairman of the Appropriations committee since 1941.

## WORLD TODAY

By James Marlow  
Associated Press News Analyst

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — American labor leaders and Anastas I. Mikoyan had lunch and a hot discussion.

But the Soviet deputy premier didn't reveal any secrets while he was the guest of the unionists.  
They later gave their account of what happened in a memorandum prepared as a record of the conversation.

One notable stay-away was AFL-CIO President George Meany. But James B. Carey, a long-time fighter against Communists in American unions, was there. He said he thought a frank talk with Mikoyan might have done some good, couldn't do harm.

Besides Carey, president of the International Union of Electrical Workers, others present included Walter Reuther, president of the United Auto Workers, and Joseph A. Beirne, president of the Communications Workers of America. Carey, Reuther and Beirne are also vice presidents of the AFL-CIO.

In part, this was the account of what happened.  
Carey blamed the Soviets for trying after the war to dominate the World Federation of Trade Unions, when American unionists got fed up and walked out.

Mikoyan admitted the Soviet trade union movement had made a mistake but said the Americans had, too, in that post-war period. And he added, "Two neighbors who had made a mistake shouldn't let a mistake dominate their future."

Reuther criticized the Soviet propaganda line that pictures American workers as wage slaves. Carey went into detail on the evolutionary improvements in the American labor movement since Mikoyan was here in the 1930s.

Mikoyan said Reuther was wrong, that the Soviets recognized the wealth and high standard of living of the American Workers and constantly used this as an incentive and example to the Soviet workers to improve their produc-

tion.  
The labor leaders not only supported this country's foreign policy but said the average American worker did, too.

Beirne chimed in: "He said it was impossible to develop faith and trust in Soviet talk about the self-determination of peoples after what the Soviets did to the workers of Hungary."

And Beirne asked: "Would the Soviet Union guarantee absolute freedom of movement to any trade union delegation visiting that country? Would such a delegation be permitted to visit prisons and labor camps and talk to workers on the job at home?"

Mikoyan denied there were labor camps, guaranteed that an American trade union delegation visiting the Soviet Union would have complete freedom, including freedom to visit prisons; and refused to discuss Hungary on the ground it would take too long.

But when the unionists criticized Soviet policy — particularly they accused the Kremlin of stimulating crises around the world — Mikoyan said the Americans were prejudiced and didn't know the facts of Soviet policy.

The unionists attacked Soviet policy on Berlin, which the Soviets want left defenseless in the middle of Communist East Germany — but Mikoyan responded with this proposal:

"That Berlin be made a free city — with free access to it from East and West — and its freedom guaranteed by an international commission, with all countries removing their troops. This has been pretty much the Soviet line."

Reuther argued, as the State Department does, that Berlin is part and parcel of Germany and that the two Germanys should be reunited in free elections, which is what the Soviets don't want.

So, while no problems were solved, the memorandum said the most important result of the lunch was to show the unity of American trade unionists on Berlin and a unified Germany.

## Here and There

Here are some predictions to come as printed by the editorial staff of the Journal of the National Education Association, in an article predicting major developments in education during 1959. More summer sessions for youngsteers of high school age. More "enrichment" courses in science, mathematics, English and foreign languages. High school students will spend 10 percent more time studying mathematics. More time and energy spent studying science, particularly space and atomic energy. The 86th Congress will be particularly preoccupied with education. The average teacher's salary will pass \$5,000 a year for the first time. More professors needed, for instance, 1,200 for chemistry, 800 for physics, 1,300 for higher mathematics. About 36 million will be the enrollment of public elementary and secondary schools, an increase of 1.3 million in the last year. College and university enrollment will rise to 3.5 million. Kindergarten and adult education will expand. And 3,000 school districts will disappear by amalgamation.

Would you like to help your local social security office re-

duce the length of time necessary to process applications for retirement benefits? According to Howard H. Gift, manager of the social security district office in Jamestown, N. Y., people making application for their retirement benefits can speed up the handling of their applications if they bring along the papers necessary to establish their rights to benefits. These papers should include their social security card, proof of their age and proof of recent earnings. Mr. Gift explained that your most recent W-2 form furnished by your employer, or your last income tax return along with your Schedule C or Schedule F and the cancelled check showing payment of the self-employment social security tax, if you are self-employed, will suffice for proof of recent earnings. He added that a birth certificate is not necessary for proof of age but that any old document giving your date of birth, an old family Bible, or an old insurance policy might possibly be all that is needed for proof of age. Mr. Gift cautions that no one should delay filing a claim because he or she does not have one or more of the documents necessary to establish right to bene-

## Boiler Rooms Get Steam From Big, False Promises

BY PETER EDSON

NEA Washington Correspondent

WASHINGTON (NEA)—How so-called "boiler rooms" operate in high pressure selling of questionable stocks is best illustrated by several recent Securities and Exchange Commission actions to prevent fraud and misrepresentation.

In its most recent case, Jean R. Veditz, president, and Ben Goldstein, director of sales for the Jean R. Veditz Co., Inc., of New York, have consented to temporary suspension of their broker-dealer registration. A hearing on permanent revocation of their license will be held later.

This action is the result of SEC investigation of charges that the Veditz company perpetrated frauds in the sale of stock for Universal Drilling Co. of Louisiana and the Mono-Kearsarge Consolidated Mining Co. of Utah.

AMONG CLAIMS MADE in selling Universal Drilling Co. stock were that it would soon be listed on New York state boards, that its oil well drilling barge was making money when it was not, that the first year's earnings would be greater than the price of the shares and this price would double or triple within 30 to 60 days.

On the Mono-Kearsarge offering, Veditz and R. B. Gravis, Inc., of New York acted as conduits for the sale of 982,000 shares of unregistered stock. Some 380,000 had been sold when SEC moved in with its investigation. Then New York State Supreme Court issued a permanent injunction against fraudulent practices in purchase and sale of stocks.

TWO OTHER DEALERS, Albert and Co., Eli Albert, president, and I. B. Morton & Co., Morton I. Binstock, president, were objects of restraining orders against the sale of stock in the Vari Pac company of New Jersey.

This stock had a par value of 10 cents. To push the sale, the claim was made that the stock had earned half a cent profit on 1,400,000 shares in 1958. It was promised that the stock would go to \$5 in 90 days.

ON THIS PITCH, Albert sold 173,000 shares for \$318,000 to 500 people in 34 states. The company's phone bill in this typical boiler room operation was \$16,000.

Morton & Co. sold 104,000 shares for \$211,000 to 300 people in 22 states. Its phone bill was \$12,000.

The P. J. Gruber & Co., Inc., broker-dealer registration denial case handled by SEC early in 1958 offers a good example of how some boiler rooms do business. This Washington, D.C., firm had eight phones in its "training room."

IT IS SOLD ONLY BY phone, offering securities like Century Controls Corp. and Perfect Line Mfg. Co. After talking to prospects, Gruber would mail sale confirmations—even though no order had been placed. These "sales" were entered on the company books, according to SEC charges.

Ostensible purchasers who refused to accept confirmations had these entries marked "canceled."

On one issue, 52 per cent canceled. But the other 48 per cent sent in their check. SEC denied this firm a broker registration, but Gruber has appealed this decision to circuit court.

## Boyle's Comment

By HAL BOYLE

NEW YORK (AP)—Justice has been done at last to several hundred thousand of nature's noblest men in America.

They are the victims of gout. These men share a recurrent agony that in the past has afflicted such giants of mankind as Alexander the Great, Isaac Newton, Martin Luther, John Calvin, Goethe, Francis Bacon, Guy de Maupassant and Benjamin Franklin.

The pangs of gout are excruciating. But almost as hard for its victim to bear are the ridicule and lack of sympathy he receives from his so-called "friends." They are sure his ailment is a penalty sent from heaven to punish him for living too fast and too loose.

This big lie is struck down formally in a pamphlet "About Gout."

"It has been common belief for centuries that gout was caused by high living — eating rich foods and drinking too much of alcoholic beverages," says the pamphlet. "We now know that 'high living' does not cause gout."

"Gout is a defect in the body's chemistry which frequently leads to an arthritic condition," says the pamphlet. "Gout is never contagious but probably hereditary."

"This metabolic abnormality causes an increase in the amounts of uric acid in the blood and tissues."

The uric acid excess, accumulating in crystalline deposits in cartilage, usually around bone joints, sets up the painful irritation known as gout.

Gout is perhaps as old as mankind itself, and was known to Hippocrates, the father of medicine, four centuries before Christ.

Gout remains one of the most masculine of ailments. Few women ever get it.

The fact so many famous men were gout sufferers led one 19th century observer to write that the disease is "peculiarly incidental to men of cultivated mind and intellectual distinction." The pamphlet is less flattering: "There is, unfortunately, no modern medical evidence to support this statement."

Gout remains largely a medical mystery. Obesity seems to make it worse. No one diet seems to control it, but its victims generally are advised to avoid foods such as sweetbreads, anchovies, sardines, liver, kidney, brains and meat extracts.

When a man gets an attack, he may wish he'd die—but he won't.

## DROOPING LIDS

Some individuals are unable to open the eye-lids completely (ptosis). If a person is born with this condition, both lids are likely to be involved, whereas only one may be affected when the disorder is acquired later.

Ptosis varies in severity. When marked, the victim is forced to eye the world through a tiny, slit-like opening. Various tricks are practiced to increase the field of vision, including wrinkling the skin of the forehead, elevating the brows, and throwing back the head to maintain a wider perspective. Some lift the upper jaw to raise the lid, a maneuver known as jaw winking.

If ptosis exists at birth, the cause may be prenatal underdevelopment of the muscles controlling the upper lid. Heredity plays a role, especially when both parents have drooping lids. Surgery is the best treatment in the congenital type. The operation may be advised during the first or second year to allow the sight of the child to develop normally.

In the majority of instances that develop later in life, the muscles of the upper lid are weakened or paralyzed by a disorder of the nerve or by apoplexy. Various diseases of the nerves and muscles affect the eyelids along with other parts of the body. Drooping lid or lids may be only one manifestation.

Among these neuromuscular diseases are tabes dorsalis, meningitis, brain tumors, and progressive muscular dystrophy. In myasthenia gravis, the eye muscles tire easily and become so weak, after several contractions, they are powerless to move. Strength returns after muscle fatigue subsides and the cycle is repeated. Other muscles, such as those of the jaws and arms, behave in a similar fashion.

Treatment of the acquired type depends upon the cause. Some victims are benefited by the use of electricity but surgery is the only hope when a mechanical cause exists. Sever-

al ingenious operations have been devised. Ptosis spectacles containing tiny props on the upper edge to hold over the lids have been fashioned but are not too successful because some are uncomfortable to wear.

TOMORROW: Drug stores treatment.

## TIMES CHANGE

Mrs. M. S. writes. Recently I was visiting my daughter and her 9 week old baby, who has a slight eye infection. I always used boric acid years ago when I was a baby nurse and advised her to do so. The next day, when the visiting nurse called, my daughter mentioned that she was using boric acid, and the nurse said that was the worst thing she could do. I can't understand how a substance that was used with so much confidence years ago could now be considered poisoning. This bothers me and I would like your opinion.

## REPLY

It is true that boric acid was used externally for many generations without dire consequences. It got its black name after it was administered internally by accident. This scare, plus the fact that it is not an effective antiseptic, has led to its decline in popularity.

NEW YORK (AP)—The spread of industrial parks across the nation is accelerated today by a new report of a survey by the New England Council showing that its six states now have 113 established and 18 others in the proposal stage.

Most other sections can point to existing and planned industrial parks or districts. For both the growing sections of the land and the older and more static ones, the idea offers two chief gains: 1. New payrolls boost the local economy or offset previous losses; 2. Local and state governments collect more taxes.

The idea works this way: The planners find either large unused plots in the cities or run down plots that often have been taken over by the city for unpaid taxes; or they seek wide open spaces on city outskirts, and sometimes in its suburbs.

The proposed one illustrates the gains cities expect from such projects: The land is now assessed at 2 1/2 million dollars and yields the city about \$40,000 a year in taxes. The city expects its development to cost as much as 20 million dollars (to be regained by sale to concerns which settle there), afford jobs for 3,000, and bring in \$700,000 a year in taxes.

The New England Council's survey reports the 113 industrial parks in those 6 states have a recorded investment of 30 million dollars for promotion, land acquisition and construction on the sites. It estimates that unreported investments would bring the total to around 60 million dollars.

The industrial park idea has been pushed in New England in postwar years to repair the damage caused by the flight of much of the textile industry to the South.

## Matter of FACT

The first technical courses in forestry were given in Germany in 1770. Similar instruction began in France in 1824. In the United States there was little interest in applying scientific management to forest lands before 1900. About that time a movement for forest conservation and management began to develop here. Gifford Pinchot, who became the first chief of the U. S. Forest Service, was the pioneer leader in the forestation movement.

## Plans of Sisterhood Include Testimonial

There was a large attendance for the Monday evening meeting of Tiphereth Israel Sisterhood, held at the home of Mrs. J. Levinson. The president, Mrs. B. Levinson, thanked Mrs. E. Gordon and Mrs. J. Levinson for their very successful donor functions.

It was announced Rabbi M. Kosman will conduct services tomorrow evening at 8:15 and refreshments will be served by the Young Judea Youth Group.

Miss Goldie Gordon and Mrs. F. Greenawald are sending packages to patients at Warren State Hospital for the month of January, it was reported. Another report concerned the Chanukah party, and its chairman, Mrs. J. Levinson, and her

committee were thanked for their efforts.

Tentative plans were discussed for a testimonial dinner to be held in the spring to honor charter members of the Warren Hebrew congregation, which was founded 40 years ago. The committee in charge of this affair will be comprised of Mrs. D. Demel, Mrs. A. Schwartz and Mrs. R. Stein.

Mrs. Charles Sontag, program chairman, announced a last-minute change in the scheduled plans, presenting, instead, the congregation's president, B. Levinson, in a short talk in which he stressed the importance of cooperation in facilitating successful operation of any organization.

Rabbi Kosman was called upon and gave a brief, but stimulating, talk on "The Importance of the Woman in the Jewish Home."

To conclude the evening, refreshments were served by Mrs. D. Demel, Mrs. H. Kanovsky and Mrs. J. Levinson.

Mrs. Ruby Burst, Warren RD 2, announces the engagement of her daughter, Norma Jean Dalrymple, to James Carl Darling, son of Mr. and Mrs. Carl Darling, Niobe, N. Y. A June wedding is planned.

Refreshments were served by Mrs. D. Demel, Mrs. H. Kanovsky and Mrs. J. Levinson.

## 90th Anniversary

The family of J. P. Nelson entertained with a birthday party in his honor at the home of his daughter, Mrs. Esther Anderson, 612 Grant street, Franklin. Mr. Nelson, formerly of Warren and Franklin and now residing with another daughter, Mrs. Herbert Hubbell, in Pittsburgh, celebrated his 90th birthday anniversary December 28.

Those attending, besides Mrs. Anderson, were Mr. and Mrs. Herbert Hubbell and son, of Pittsburgh; Mr. and Mrs. Emory Nelson and son, of Warren; Mr. and Mrs. Robert Nelson, Middleton, N. Y.; Edwin Nelson and daughter, of Corydon; Mr. and Mrs. Rudolph Nelson, Bradford; Mrs. Gertrude Flickner, Rev. and Mrs. Louis Benson, Rocky Grove; Mr. and Mrs. Donald Anderson and daughters, Mr. and Mrs. James Anderson and son, of Franklin.

A special guest was James Dixon of Warren, father of Mrs. Emory Nelson, who observed his birthday anniversary December 27.

Mr. and Mrs. Arthur Decker, Warren, wish to announce the engagement of their daughter, Sally Ann Jones, to Richard Allen Barrett, son of Mr. and Mrs. Hugh O. Barrett, Warren-Jamestown road. No date has been set for the wedding.

**MEDICAL AUXILIARY**  
The Women's Auxiliary to Warren County Medical Society will hold its dinner-meeting at 6:00 p. m. next Thursday, January 15, at the home of Mrs. Quay McCune. Assisting hostess will be Mrs. F. M. Buckingham Tidoute.

Mr. and Mrs. Edward C. Winderl, Niobe, N. Y., announce the engagement of their daughter, Lynda Louise, to Gerald W. Dorrien, son of Mr. and Mrs. Gerald F. Dorrien, Tiona. Miss Winderl graduated from Panama Central, attended Jamestown Business College, and is employed by Public Loan Company, Inc. Mr. Dorrien is an alumnus of Warren High and is employed at Dorrien's Service Station, Warren. No date has been set for the wedding.

## Sometimes Parents Must Break Child Domination

He is 65 years old, and his grown children are raising a fuss because he is thinking of marrying again.

He writes: "I loved my wife who died three years ago and I was good to her. But I've been lonely living alone and now I've met a widow who is a fine woman and we have grown very fond of each other."

"But my children are dead set against my marrying and have hinted that she is only marrying me for my money. How can I convince my children that they are wrong about this woman?"

Why try? After all, they aren't being very complimentary in hinting that the only reason this woman would marry you is because of your money.

They are being pretty selfish in refusing to see that you have a right to the companionship of marriage, instead of living out the rest of your years alone.

They are taking a lot on themselves to try to tell you, their father, what you ought to do.

Don't argue with them, quarrel with them or worry about their attitude. If you have found someone you want to marry and who wants to marry you, go ahead and get married.

You're certainly old enough to know your own mind and young enough to do as you please, instead of letting your children boss you.

Just as young people have to break away from the domination of their parents, parents sometimes have to break away from the domination of their grown children.

It sounds as though it is your turn to say, "I have to lead my own life and do what I think is best for me."

## Diamond Grange Has Successful Dinner-Meeting

On Tuesday evening at 6:30 o'clock, Diamond Grange at Poma sponsored a dues-paying dinner which proved very successful in every sense of the word. Members has as honored guests the Rev. William Brooks, Warren County Pomona master and Mrs. Brooks, who are members of East Branch subordinate Grange and reside in Corry.

Mr. Brooks, in his usual capable manner, gave some timely remarks about the Grange in general and, in particular, stressed legislation which will be before the next legislative session in Harrisburg and is of special interest to members. Judging from applause, it was very evident his message was well received by the large number in attendance at the dinner.

After a routine business session, the following candidates were initiated in the First and Second degrees: Hubert and Patricia Jicha, Clarendon, Virginia; Margaret Kitterer, Tionna; and Jane Lee Seigworth, Clarendon RD 1. The Third and Fourth degrees will be conferred at the regular Diamond meeting on January 20.

The Sewing Group which spent this Wednesday quilting will meet Thursday, January 15, at the home of Mrs. George Aber in Weldbank, 10:00 a. m. to 3:00 p. m., and it is hoped all who have participated in this project in the past will be on hand, along with any new members willing to lend a hand to the effort. The project for the month will be baby clothes.

Mabel Rapp has scheduled a rehearsal of the Diamond Grange Kitchen Band for Monday evening and is making plans to visit Warren State Hospital January 31. A good

turnout is urged for the practice session. Master Lyman Clements announced he and his wife will be leaving today for a trip to Florida and asked that members give Mrs. Alice Bean, who will be in the master's chair the same loyal support they have accorded him during his tenure of office.

## EHS Pupils in District Band

Six students of Eisenhower High School will be attending the Northwest District PMEA Band Festival at Conneaut Valley Joint High School at Conneaut Lake this weekend.

Seniors -- Martha Stohberg, flute; Bonnie Ekdahl, cornet; Larry Ludwig, baritone horn; Junior, Sandra Taylor, flute; Patricia McKimney, cornet; and John C. Stewart, trombone.

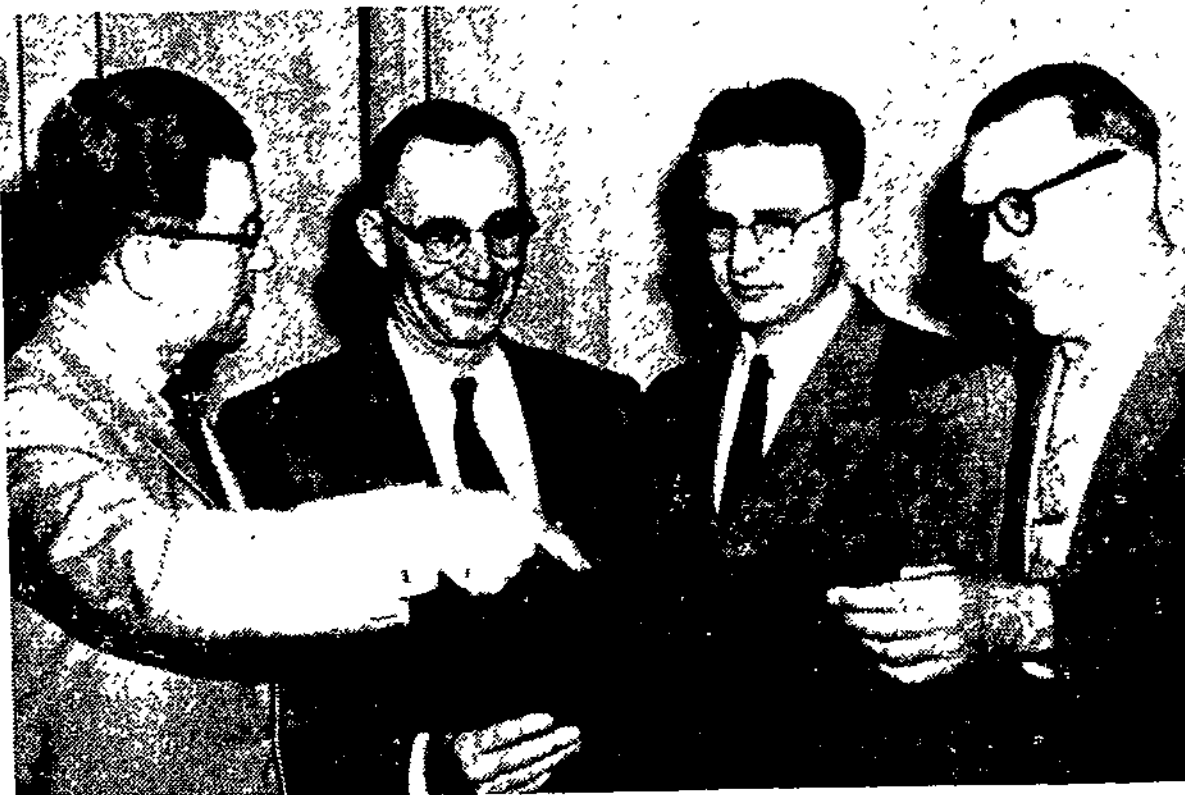

This year's District Band will be composed of 185 school musicians from 38 schools in this section of Pennsylvania and will be directed by Beniamin Francis, of Mansfield State Teachers' College. The three days of rehearsal, today through Saturday, will culminate in the usual public concert.

## WEEK OF PRAYER

The last three services in the Week of Prayer observance for churches of Youngsville and vicinity will be held as follows: This evening, at the Free Methodist church with the Rev. Floyd Martin as speaker; Friday and Sunday evenings, in the Evangelical United Brethren church with the Revs. J. Norman Holder and H. E. Roushey speaking. All members of the sponsoring churches are urged to be in attendance and all interested friends are cordially invited.

## Warren Witness at Mercer Assembly

Figuring prominently in the three-day Jehovah's Witnesses Assembly in Mercer over the past weekend and reading from the left were Nicholas Kovalak, Jr., of New York City, who is district supervisor; George Stallsmith of Greenville, presiding minister for two months and witness for 15 years; T. A. Smith of Warren, presiding minister for 7 years and witness for 12 years; W. S. Smith of Franklin, presiding minister 12 years and witness for 18 years.

Twenty-five delegates of the Warren congregation of Jehovah's Witnesses heard the district supervisor, Nicholas Kovalak, Jr. in his declaration "It is God's purpose to give warning before Armageddon comes. In carrying out that purpose He is using the Watch Tower Society in a marvelous way."

Presiding minister for five eastern states, Mr. Kovalak spoke to an overflow audience of 830 persons at Mercer Sunday to climax a three-day semi-annual assembly.

Continuing on the theme "The Watch Tower Society in God's Purpose," Mr. Kovalak reviewed the amazing increase of the organization world-wide, pointing out the gospel preaching work is now under the direction of 84 branch offices in 170 lands, and millions of Bibles and Bible study aids are distributed annually by 790,000 Witness ministers.

He also stated the Watchtower magazine has a semi-monthly circulation of one and one-half million copies, each issue in 51 different languages. And active ministers have doubled in the last eight years.

After a brief intermission, E. W. Tolso of Brooklyn, N. Y., supervisor of 20 congregations in northwestern Pennsylvania, spoke briefly on "Be Balanced in All Things." Final admonitions to Witnesses to continue expanding their ministry were given by Kovalak to close the assembly.

A highlight of the Saturday sessions was public immersion at Kingdom Hall in Sharon.

When 19 persons symbolized their dedication to do God's will.

Mr. Charamonte told of the historical highlights of some places and of the remarkable construction of some of the buildings. He also spoke of the breath-taking beauty of the paintings and of the many gardens they saw. The pictures were very clear and beautiful and a compliment to him and his wife shared with their audience who were very grateful for the opportunity of viewing them.

Lunch was served by the committee in charge.

## Court Warren Will Share in Memorial

The regular meeting of Court Warren, Catholic Daughters of America, was held last evening in St. Joseph's hall.

Of importance to each and every member was a letter read from the National Headquarters telling of an opportunity for them to take part in a Memorial to be erected honoring the late beloved Supreme Regent Frances Maher in Kane, "her home town which she loved so much." The letter also mentioned the great work of this woman and the keen loss that is felt by the organization. Contributions for this fund can be given or sent to Grand Regent Nancy Shaffer at the earliest convenience of members.

The reception of a large class of new members will take place on February 1. More details will be announced later.

Mrs. Mary Kotmair thanked members for their cooperation in giving gifts and cookies to assist her in her work at the State Hospital and said that the patients were very grateful. A treat was also sent to the Rouse Home in Youngsville at Christmas.

A white elephant sale will be held after the next meeting.

The program was one of the most interesting and entertaining that members have ever enjoyed. Al Charamonte showed colored slides of the 7 weeks tour that he and Rose enjoyed last summer and told of places and events along the way. They visited England, Belgium, the World's Fair at Brussels, Rome and Vatican City, an audience with the late Pope Pius XII, and other points in Italy, also Switzerland and France.

Miss Sally Printz has returned to college after spending the holidays with her parents, Mr. and Mrs. Fred Printz, Sr., and her brother, Fred, Jr., who was home from Warren, O., where he is associated with the Printz Company. Miss Sally attends the Moore Institute of Art in Philadelphia.

Pvt. David W. Meredith, serving with Company L, Third Training Regiment, has returned to Fort Dix, N. J., after spending the holidays with his wife, Mable Meredith, of 214 Fulton street, Jamestown, and his parents, Mr. and Mrs. Edward C. Meredith, 113 Conewango avenue, Warren.

When the Jamestown Golden Ageists held their first meeting for 1959 on Wednesday, Mrs. John Wright, well known to many in Warren, showed slides of her recent European tour.

Returning to their home in Darien, Conn., have been Mr. and Mrs. Burley Edwards and children, Kathy and Charles, who were holiday guests of Mrs. Helen Rockwell, West Third avenue.

Pvt. Edwin Clover, son of Mr. and Mrs. E. L. Clover of Sugar Grove RD 3, enjoyed a five-day leave at home from the Fort Jackson, S. C., Replacement Center.

Announcement is received from State University Teachers' College at Fredonia, N. Y., that its 250-voice Festival Chorus will perform the Bruckner Mass in E Minor at the January 26 afternoon session of the Eastern Division, National Music Educators' Conference, at Buffalo's Hotel Statler. Richard Paige, professor of vocal music at the college, will direct three sections of the Mass, the Kyrie, Gloria, and Credo.

Mr. and Mrs. Ray Lewis, 115 Frank street, had as holiday guests Mr. and Mrs. George Lewis, Rochester, N. Y.; Mr. and Mrs. Tom Prior, Buffalo, N. Y.

When the Liars' Club of Burlington, Wis., looked over whoop-ers submitted for their annual championship, it awarded the title to Lou Powers of Otonville, who described a day so cold a "teakettle full of water froze so fast the ice was still warm, and he froze his foot that night when he opened the door to kick out the family cat." The name Otonville rings a bell for friends of one of its families, Mr. and Mrs. Roger Anderson, who formerly resided at 1007 Conewango avenue, Warren.

Emergence of the higher-priced cuts on the bargain list may herald better — and cheaper — eating during 1959. Department of Agriculture experts look for more meat supplies this year, perhaps as much as 4 pounds per person. Pork will account for the biggest increase, although pig prices may be a bit higher this month as markets dwindle seasonally.

Lower prices than a year ago are expected this spring for eggs, broilers, turkeys, citrus fruit and fresh vegetables.

Wholesale prices of food now are below the early 1958 figures, which rose steadily from week to week. The most recent cost of living figure for food (for November) was ahead of the previous year, but it has been declining for several months. Conversely, the cost of living food figure was on the rise a year ago.

Butter and eggs already are cheaper, with widespread reductions of 2 to 4 cents a pound for the former and 2 to 7 cents a dozen for the latter this week.

Top or bottom round roast is the top special in some stores while a wide variety of steak cuts are featured in others. Pork loin, leg of lamb and frying chickens also are marked down.

Outstanding vegetable bargains are fall crop potatoes and collard, kale, mustard and spinach.

Demand was strong for lettuce and onions.

Cucumbers and snap beans are fairly good buys.

Fall apples from orchards in several states and winter citrus crops from Florida and California rate as the best bargains in fruit.

## Bible Words for Today

ROMANS 6:23 — "For the wages of sin is death; but the free gift of God is eternal life in Christ Jesus our Lord." (RSV)

About our home are various gifts. There is a treasured painting, the gift of a highly esteemed couple, a book from our children, a pea set from another friend. We prize these articles far above their commercial value because we love the persons who gave them to us.

We also have another possession which came as a gift. We cherish it because we love the donor. Eternal life is the prize above all our possessions and it is even more important because we love God. It is His supreme gift to us. We could not buy it, neither could we earn it. It is made available to us because God loves us and we respond to that love. Truly it is the most valuable of our belongings.

## Some Positive Facts About 1959 Session of Legislature

HARRISBURG (AP)—About the only certain thing about the 1959 session of the General Assembly, which begins next week is the bright, clean appearance awaiting the 260 legislators in the House and Senate chambers.

It is also fairly certain they will have to raise taxes to finance expansion of educational, public welfare, industrial development and highways programs.

It also would seem obvious that public expressions from legislative leaders that this will be a short, businesslike session is so much whistling in the dark. But nothing like the long session which marked the beginning of Gov. Lawrence's four-year term is expected to occur at the beginning of Gov.-elect Lawrence's tenure. The 1955 session wore on into mid-1956.

For the upcoming session, the two chambers have been cleaned, repainted, polished and otherwise put in spic-and-span shape. Four new, self-service elevators also have been installed to replace the antique elevators that were in use the last time the Assembly met, in 1957.

Of a more practical nature, the legislators will be confronted by a 100-million-dollar deficit in the budget for the current biennium, which expires next May 31, and an estimated increase in the budget for the 1959-61 biennium of about half a million dollars.

Among the suggestions for meeting this new tax need have been broadening the 3 per cent sales tax, increasing the cigarette tax, increasing the gasoline tax and revising the soft drinks tax.

The cigarette tax is now five cents a pack and the gasoline tax five cents a gallon.

Lawrence already has a 12-member, bipartisan committee studying the problem of tax revenues.

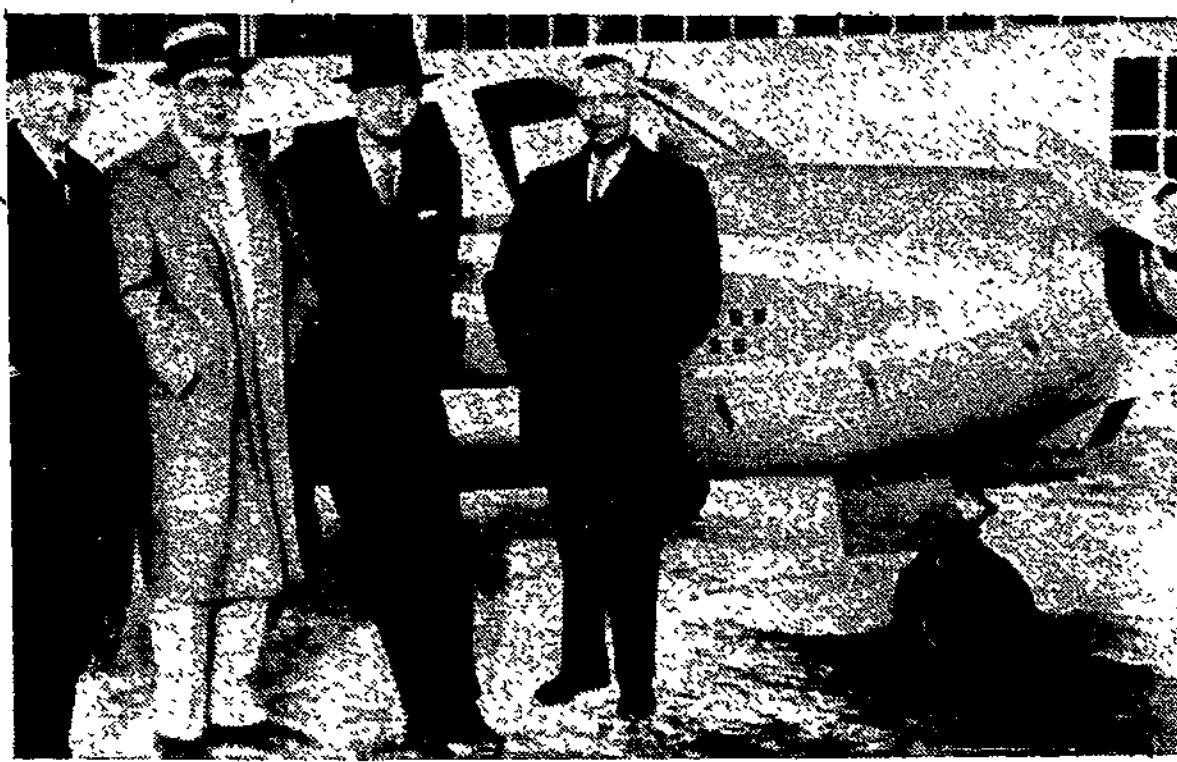

The Legislature's opening day Tuesday is strictly a ceremonial affair, for installing the members and electing officers for the session. Gov. Lawrence also will deliver in person his final message. It is expected to be confined to a review of his four years as governor. Lawrence takes office Jan. 20. After conclusion of Tuesday's business, the two houses will adjourn until Jan. 19.

It is expected to be late February before Lawrence submits his budget to the House.

Besides the money needs, the major issues include proposals to: Legalize radar for enforcing highway speed limits, extend the school year, allow a referendum on the question of permitting horse racing in the state, amend the Constitution to allow annual legislative sessions, extend civil service, restrict liquor licenses in areas where there already are many licenses, abolish the Milk Control Commission, lessen control of the state over boroughs and townships.

## PURCHASE PIPER FOR BUSINESS USE

Standing before the new Piper Comanche at Warren Airport are Attorney Scott Calderwood, Elliott Dunn, Alan McKissick of Oil City, who will pilot the craft, and Robert Dunham. Times-photo by Saylor.

W. J. Dremann, president of Solar Electric Corp., announced today the purchase of a Piper Autoflite Comanche 250 horsepower plane to be used by Certified Electric, Sunray Industries, Interlectric Corp., Meyers Laboratories, Nu Lite, Monarch Fuse, Bond Electric, and Nefgio, for intercorporate business travel.

The Piper Comanche, a dream-come-true for this corporate

group, is by far the world's most advanced high-performance, single-engine business airplane. With seating capacity for four, it has the most appealing features for the businessman in a hurry, plus the sensational new built-in Piper AutoControl holding the plane to a precise course, and making turns automatically with the twist of a knob, adding up to "magic carpet" flying.

With the reputation of being a plane that is truly a pleasure to fly, the new craft will have Alan McKissick of Oil City in the pilot's seat, and when not in transit, the plane will be housed at the Oil City-Franklin airport.

Solar Electric's purchase of the Piper Comanche exemplifies progress in Warren industry, and should make arm-chair travelers of the corporation's businessmen in smooth-cruising flight.

By CHARLES MERCER

NEW YORK (AP)—Innumerable people are forever uttering innumerable words on the subject of juvenile delinquency. But producer Robert Northshield defined the problem from the viewpoint of youths the other day:

"Their problem is that they have 24 hours in a day to fill. And how do you pass a day?"

His observation is the result of six weeks he spent recently in Detroit filming and taping a television report on a successful battle against delinquency there by an organization called Youth Anonymous.

ABC-TV will present an hour report on "Youth Anonymous" on Monday, Jan. 19, at 7:30 p.m. ABC News chief John Daly will head a group of newsmen who survey the methods being used in Detroit to resist juvenile delinquency.

Northshield explained that Youth Anonymous, headed by an ex-convict, Ernest "Tip" Rumsby, aims to aid the 15 per cent of "hard-core" troubled youngsters who, normally cannot be reached by other organizations.

One of the most interesting aspects of producing the report, in Northshield's opinion, was how he and a camera crew won the confidence and respect of three troubled youths in order to record the way they spend a typical day.

"At first they tried to shock us," Northshield said. "But we laughed at them or ignored them. I grew

up in Chicago, and being a tough kid in Detroit doesn't impress me at all.

"Basically the kids were trying to make the simplest things complex simply to kill time. That is their problem—killing time."

The ABC report also covers a court hearing, a meeting of Youth Anonymous, and a trip with Rumsby through the scenes of his own sium youth and early crimes.

## Alaska Helps To Make Congress Record Breaker

WASHINGTON (AP)—The 86th Congress became the largest in history Wednesday when Alaska's two senators and one representative took their oaths of office.

The delegation from the 49th state swells congress to 436 House members and 98 senators.

The Alaskan ceremonies featured a custom that has not been seen here for 47 years. Officials took a small wooden box out of the dust of a Senate storeroom and placed it before Sens. Ernest Gruening and E. L. Bartlett, both Democrats.

Gruening, who won a coin toss with his colleague Tuesday put his hand in first to pull out one of three slips. Then Bartlett picked his paper. The slips determined the length of the new senators' terms—six, four or two years.

Gruening picked the four-year slip. Bartlett the two-year slip. No question of seniority will arise in the House delegation from Alaska. It comprises only Rep. Ralph J. Rivers, also a Democrat.

## Huge Round of Applause Given Alaska in House

WASHINGTON (AP)—For the first time, it was the Congress of the 49 states, Alaska got a big round of applause in the House when its name was called on the roll of states.

Members joined in reciting the Lord's Prayer with the chaplain, the Rev. Bernard Braskamp.

On the call of the roll, 432 of the 436 House members responded.

The recorded absentees were Daniel A. Reed (R-NY), Elmer J. Hoffman (R-IL), Dean P. Taylor (R-NY), and Charles M. Teague (D-Calif.).

As the minority party always does, the Republicans put up their own man for speaker in opposition to Sam Rayburn. There was the formality of a roll call to make Rayburn's election official.

One of the Senate gallery spectators was former President Harry S. Truman.

Truman sat with Frank McKinney, a former Democratic national chairman, and Mrs. Oscar Chapman, wife of the onetime secretary of the interior in the Truman administration.

Dr. Frederick Brown Harris, Senate chaplain, asked God's guidance of the deliberations of that body.

When newly elected senators were sworn in, Sen. Stephen M. Young (D-Ohio) was escorted to the rostrum for the oath by Democratic Leader Lyndon B. Johnson.

Ordinarily, this is a courtesy that would have been performed by Young's Democratic colleague, Sen. Frank Lausche. But Young had said he didn't want Lausche's escort—that Lausche had done nothing to help him get elected.

Floyd Smith has been in Cleveland, O., for a few weeks, visiting his son.

Guests at the home of Mr. and Mrs. Merle Fitzgerald over the holidays were her sister and family, Mr. and Mrs. Truman Lilly and sons, of Ada, Okla.

Mr. and Mrs. Claud Gillam, Bath, N. Y., spent the holiday season with their daughter and

family, Mr. and Mrs. Tom Glosick.

Ruth Ann Lore spent her Christmas vacation with her grandfather and aunt, Irwin and Elizabeth Crane.

## Wrightsville

WRIGHTSVILLE — Recent guests of Mr. and Mrs. Ivan Johnson and sons have been Mr. and Mrs. Jason Cripe, Sherman, N. Y.; Mr. and Mrs. Dale Petty, Rochester, N. Y. Mr. and Mrs. Richard Hunt were honored with a bridal shower Saturday evening in the church basement, given by Mrs. James Durlin, Dina Durlin and Mrs. Frank Hull. There was a large attendance and tables were beautifully decorated. The couple received many lovely gifts.

## ALICE MAE MEAD

Very largely attended services were held at 1:00 p. m. Wednesday for Miss Alice Mae Mead of Clearwater, Fla., former resident of Warren. The Rev. Donald H. Spencer, minister of First Presbyterian church, officiated for the rites and interment followed in Youngsville cemetery. Serving as bearers were Manly Overholt, Robert Radspinner, G. W. Cochran and W. E. Lutz.

There were a great many beautiful flowers to bespeak the esteem in which Miss Mead was held by all who knew her. The many persons in attendance included her niece, Mrs. John Dyer, of Clearwater.

## CHARLES D. BLAIR

Charles D. Blair, aged 54 and well known refinery man in this area for many years, died at 1:00 p. m. Wednesday in a hospital in St. Petersburg, Fla., where he had purchased a home three months ago.

Mr. Blair was born in Venango county October 18, 1874 but had lived here most of his lifetime. He retired from business life 20 years ago, after having been an executive in the Levi Smith Refining Company for many years.

He was a member of First Presbyterian church of Warren; North Star Lodge 241, F. and A. M.; Occidental Chapter 255, Royal Arch Masons; Coudersport Consistory; and of Zeta Zeta Shrine Temple of Erie.

Surviving are his wife, Jessie Maude Blair; two daughters, Mrs. Margaret Shaffer, Orange, N. J., and Mrs. Jean Simpson, St. Petersburg; three brothers and two sisters, H. L. Blair and Mrs. Jennie E. McNulty, Warren; Fred Blair, Clearwater; Ralph Blair, DuBois; Mrs. Flora B. Amsdell, St. Petersburg; also three grandchildren, several nieces and nephews.

The body will arrive from the south Sunday morning, for removal to a local funeral home, where services will be held at 2:00 p. m. Monday. The Rev. Donald H. Spencer, of First Presbyterian church, will officiate and interment will be made in Oakland cemetery.

## MARGARET E. MILLER

Services were held at 2:30 p. m. Wednesday in memory of Margaret Ellen Miller, 23 Jefferson avenue, with Rev. Donald H. Spencer, of First Presbyterian church, officiating. The following employees of William F. Crockett, Inc., served as bearers for interment in the family plot in Maple Grove cemetery at Freewburg: Merle Lindsey, Leo Baker, Levi Carlson, Howard Carlson, William Atkins, Paul Davis.

Attending from away were Gladys Miller, Buffalo; Mrs. Dan Lowe, Salamanca; Mrs. Arch Miller, Mrs. Alec Ecklund, Jamestown; Mrs. Clayton Miller, Randolph; Mr. and Mrs. Ernest Ecklund, Kiantone; Mr. and Mrs. Harry Ecklund, Mrs. Avery White, Freewburg.

## THOMAS B. GIFFORD

Services will be held at 2:00 p. m. Thursday in Titusville for Thomas B. Gifford, 68 year old resident of Titusville RD 2, and well known to many people in Warren, who died early Tuesday morning following an extended illness. Rev. L. J. Lindsey, of Titusville Free Methodist church, will officiate, and interment will follow in Fairview cemetery in Pleasantville.

Mr. Gifford, who was born January 31, 1870, at Baltimore, Forest county, the son of William and Sarah Budd Gifford, spent his entire life in the oil business as a drilling contractor and also as an oil producer. He worked in the oil fields in Forest county as a youth in the later oil boom days, with the remainder of his oil drilling and producing career spent in and around the oil fields of Titusville and vicinity since 1912.

For the past 11 years, he had resided with his son, Glenn, of Titusville RD 2.

Mr. Gifford leaves the following children by his first wife, Alice Carbaugh, who died in 1912: Mrs. Mabel Westcott, Glen Gifford, Titusville RD 2; Everett Gifford, Titusville RD 3; Mrs. Lena Liberty, Warren; a daughter, Mrs. Sarah Rudy, preceded him in death.

The surviving children by his second wife, Carrie Dale Gifford, who died in 1934, are: Enos Gifford, Titusville RD 2; Mrs. Tresa Battin, Diamond RD 1; Mrs. Helen Maziarz, Meadville; also 24 grandchildren, 14 great-grandchildren, and two great-great grandchildren.

## CLAUDE ERICSON

Claude Ericson, 73 year old resident of 14 Second street, Youngsville, died Wednesday after having been in poor health for some time. Born at Garland April 17, 1885 he had lived in this area all his life.

Besides his wife, Helen, he is survived by several nieces and nephews; also his step father, Victor Midwell, of Titusville. Funeral services at 2:30 p. m. Sunday will be conducted by the Rev. F. Eugene Donelson, Youngsville Evangelical United Brethren church. Interment will follow in Allegheny cemetery in Pittsburgh.

## CHARLES M. HANSEN

Charles Maurice Hansen, 66 year old resident of 672 Beech street, died in his sleep Wednesday in Clearwater, Fla., where he was spending the winter with his daughter, Mrs. Dominic Scallie.

Mr. Hansen was born in Warren November 5, 1892 and had spent most of his life here. A veteran of Army service during World War I, he had been a member of both the American Legion and Veterans of Foreign Wars; and was a member of Warren Moose Lodge.

Surviving are six children, Charles, Jr., of Lorain, O.; William Hansen, Mrs. Hazel Musante, Mrs. Dorothy Siliano and Mrs. Betty Slack, Warren; Mrs. Scallie, in Clearwater. There are also 22 grandchildren; and a sister, Mrs. James Annos, Youngstown, O. His wife, Pearl Smith Hansen, preceded him in death in 1948; a son, Russell, died in 1942; and his mother, Mrs. Peter Hansen, died just one year ago this month.

Arrangements for services are incomplete and will be announced later.

## Jaycees Appeal For Cooperation On DSA Project

Help the Jaycees promote a successful project! The general public of the Warren area is asked to aid this Jaycee project by nominating outstanding young men between the ages of 21 to 36 years of age for the Distinguished Service Award. The nomination blanks (on another page) must be received by D. S. A. Chairman, Ron Howard, by January 14, 1959. Everyone is urged to take the few minutes necessary to complete the nomination blank and give the young man of his choice the opportunity to claim the D. S. A. award.

The winner of the award will be honored at the Annual Jaycees' Night banquet on Thursday, January 22, at the Marconi Club. The banquet will be the highlight of Jaycee Week, January 18-25. Chairman, Larry Mong, states that plans for the banquet are rapidly being completed and all who attend will be treated to an enjoyable evening.

Nomination blanks have been placed in the lobbies of the Warren National Bank and the Warren Bank and Trust Co. and are appearing in the local newspapers. Obtain one now and nominate your choice for Warren's outstanding young man of 1958.

## SHEFFIELD

**SHEFFIELD**—Loyalty Class of Bethany Lutheran church met Tuesday evening in the church parlors, with 23 members and five guests in attendance. President Eunice Anderson conducted the business session; devotions were in charge of Mrs. Dorothy Gustafson; and the following program was presented:

Vocal solos—I Would Rather Have Jesus—Candy Swanson; When He Cometh—Virginia Cefalo; Mighty Like a Rose—Mary Jo Pastrick. Pinao solos—Melody of Love—Lana Anderson; I Saw Mama Kissing Santa Claus—Sandra Olson. Reading—Mrs. C. F. Eliason and Mrs. William Dalton. Closing prayer—Mrs. R. C. Cedevlof. Hostesses for the evening were Mrs. Eliason, Mrs. Evelyn Anderson, Trae Johnson and Mrs. Agnes Whyte.

Junior Woman's Club met at the home of Mrs. Joseph Clark Monday evening, with an attendance of 22 members and two guests, Mrs. William Christensen, Jr., and Mrs. James Schott. The session opened with a poem, "Too Busy," read by the chaplain, Mrs. Chester Spradale.

The president, Mrs. Charles Rice, conducted the business meeting, when members decided to give a donation to Care for New Mexico; and the Christmas gift distribution report was given by the committee, Mrs. Fred Burns, Mrs. Jessie Johnson, Jr., and Mrs. Francis Wagner. The white mule award went to Mrs. Joseph O'Connor; the program consisted of an auction conducted by Mrs. Rice; and the social committee was comprised of Mrs. Joseph Mull and Mrs. Eugene Leseman.

## BARNES

**BARNES**—This month's Adult Bible Class meeting has been postponed because of cold weather and icy condition of the roads.

Mr. and Mrs. J. C. Curtin spent the weekend in Foxburg with her sister, Mrs. F. C. Zerbe, and husband.

Mr. and Mrs. Ronald Allen and children, Erie, were weekend guests of his parents, Mr. and Mrs. Ben Allen.

James, one year old son of Mr. and Mrs. Gordon Eck, is a medical patient in Warren General Hospital. Friends will be glad to know there is some improvement in the condition of Mrs. Kate Brandt, a medical patient in the same hospital.

Mr. and Mrs. J. B. Lyle were in Munder to attend the funeral of his sister, Mrs. Della McFadden.

Mr. and Mrs. William Miller, Barborton, O., were weekend guests of Mr. and Mrs. Clifford Snyder, bringing home Clifford, Jr., after a week's visit with

# How Civil Defense Serves You

WARNING VOICE from the sky would supplement CONELRAD emergency radio, sirens and other devices to spread civil defense warning of impending attack or post-attack fallout to threatened communities. This exercise was conducted over Cape Elizabeth, Me. (Photo by Clarence McKay, Augusta, Me.)

## Preparedness for Peace Stressed In First Annual CD Observance

Remember Pearl Harbor? Most adult Americans do. And they still remember the cold chill that ran down their spines as radios blared forth the news of the sneak attack on Pearl Harbor. America was plunged into war.

Seventeen years after that infamous December 7, Americans have just been reminded by the first annual Civil Defense Day how the chances for peace can be improved through the preparedness of every family and the enemy's knowledge that we are prepared.

IN HAWAII, now well aware of the need for vigilance and preparedness, the Territorial Civil Defense Agency today is ready to help minimize the effects of any future attack with trained manpower. In a tunnel under famed Diamond Head, tons of emergency supplies and a smoothly-functioning control center would provide a nucleus for all civil defense operations in an attack.

But civil defense, in these Pacific isles as elsewhere, is only as good as its public support. Preparations for a nuclear attack, or even natural disaster, must be made in advance; afterwards, it is too late.

The people of Cameron, La., whose failure to heed warnings cost 517 lives to Hurricane Audrey, know this only too well. And in the 18 productive months since "Audrey," they have learned the value of an organized effort, such as civil defense, in rebuilding. The Office of Civil and Defense Mobilization has authorized \$2,204,995 toward the rebuilding of Cameron Parish (county).

MOST AMERICANS have never been touched directly by major disaster. But they can learn from others' experience, participate in civil defense training, prepare their homes and families for any eventuality, and help provide the money for necessary equipment, supplies and operations.

It is not enough to remember Pearl Harbor unless you do something about it!

AIR ATTACK, tidal waves or other disasters will not catch Hawaii without warning again. Honolulu policeman presses air raid siren switch in monthly test, a part of the islands' civil defense preparedness program. The switch to the right triggers Honolulu's tidal wave warning signal. (Hawaii Civil Defense Photo)

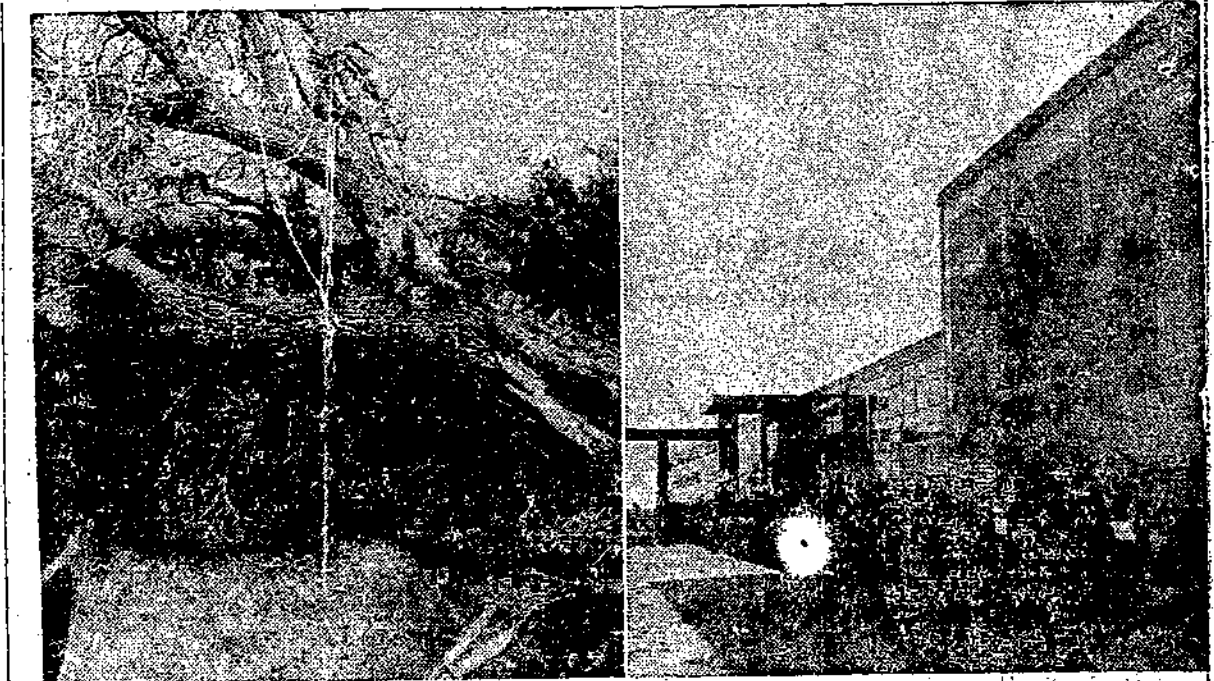

REALISTIC MEDICAL exercises by local civil defense units such as this one at Los Angeles build up a preparedness to meet nuclear attack or natural disaster. Only through such training as this can the nation be ready to care for the millions of casualties that might result from nuclear attack. (Photo by Jack F. Fuller, Los Angeles)

CONTROL CENTER for civil defense in northeastern Illinois near Wheaton, Ill., is an outstanding example of new facilities being constructed to provide city and State governments with headquarters for emergency operations in case of nuclear attack. This underground control center is built to withstand a nuclear blast equivalent to 20 million tons of TNT only three miles away. Heart of the center is the radio communications room, partly shown here. (CCDM Photo)

CIVIL DEFENSE volunteers pitch in to help fight an apartment house fire in Minneapolis while regular professional firemen were tied up with a massive downtown blaze. Civil defense reserves are often called on to help out during natural disasters—a vital service which also helps them to prepare for action in case of nuclear attack or other national emergency. (Minneapolis Star and Tribune Photo)

DANGLING ROPE and fragment of an overturned car at left are all that remain to mark a tragedy in which a family of three drowned when this giant oak tree to which they were clinging east of Cameron, La., fell into the flood churned up by Hurricane Audrey. Like some other families, they failed to heed Weather Bureau warnings to flee the low-lying coastal swamplands ahead of gigantic storm-driven waves. The ultra-modern Cameron Elementary School, built on pilings against any future floods, was aided by a \$171,550 disaster grant authorized by the Office of Civil and Defense Mobilization. It is typical of civil defense's role of reconstructing public facilities after disaster. (CCDM Photos)

**OLD GLORY'S EVOLUTION**—The American flag has been studded with pine trees, carried stars in many patterns, and featured variations of the Union Jack. Some of the milestones in the progress of the banner to its present 48-star design are depicted above. The New England flag, upper left, designed around 1700 and carried at the battle of Bunker Hill, featured the British insignia. Preceding the Revolution by two years was the Liberty flag, hoisted over the green at Taunton, Mass. The Grand Union flag, featuring 13 red and white stripes, one for each colony, was carried in 1776 by the newly formed Continental army. In 1777, almost a year after the Declaration of Independence, the Continental Congress adopted the "Betsy Ross" banner with its 13 stars and stripes. Honoring the admission of Vermont and Kentucky, two more stripes were added in 1795. The practice of adding stripes was soon discontinued, and the flag reverted to 13 bars. A star continued to be added for each new state. The 48-star field came into being with the admission of Arizona in 1912. It remained unchanged until Alaska's formal entry into the Union this year.

## That Boy And His New Gun

Every normal American boy wants a gun of his own. In school he has learned the role that firearms played in shaping our nation's destiny and, as dad and his friends have recounted hunting experiences and feats of marksmanship, the youngster has dreamed of his first rifle or shotgun.

It was natural, then, that many a Pennsylvania boy was overjoyed at Christmas when he found the gun he wanted under the family tree.

In answer to the oft-asked question—when is a lad "ready" for a gun?—a responsible answer has been that age cannot always be the determining factor, that when a boy shows he has acquired a sense of responsibility he may be expected to handle firearms with good judgment, at home and in the open.

It follows, however, that

when a youngster is given a gun the parents should avoid unnecessary risks by seeing to it that the junior's shooting is supervised until he has gained enough experience and matured enough to lawfully go afield unattended, with his gun and live ammunition. Complacency and a hope for the best will not do.

The boy with his first gun must be impressed with the fact the implement is no toy.

Number of qualified National Rifle Association instructors in Pennsylvania, which was greatly increased by Game Commission's participation in the firearms and hunter safety instruction program, indicates that one or more trained persons will be available in almost any locality.

In step with the firearms program, Pennsylvania State Archery Association has warned parents they should not give their children bows and arrows, unless competent instruction in the use of the equipment is assured.

Unlike athletic sports, participation in which is usually discontinued at the end of formal schooling, the healthful fun of shooting can be pursued throughout life. The important

ENGINEER'S INGENUITY SAVES BOROUGH \$16,000—It was quick thinking by Resident Engineer John Bensink which saved the borough some \$16,000 in state aid for its new sewage treatment plant. As the deadline approached (Dec. 31), Warren Sanitary Authority found itself without a mercury switch with which to trip the Pine Street Sation pump which would force the sewage across the river to the plant. Engineer Bensink capped a jug, welded a steel rod which poked up 25 feet from the main below. Then he fixed a chain and attached some odd bolts and bits of pipe as counterbalances. Two rings fixed on the steel rod tripped a regular switch handle on or off depending on the float level of the jug. Estimated saving to the borough: \$16,000 in state reimbursement if the plant ran by Dec. 31, which it did. Above, Bensink points to the small bag of little metal bits which added to the most delicate refinements of the counterbalance. Timesphoto.

consideration is that the person who comes into possession of a firearm of any kind first learn how to shoot and handle it properly. Repeating a point made earlier: the answer to safe and enjoyable shooting lies with cautious parents who, without question, can provide or find a capable instructor for that boy with his first gun.

two more hearts on the minor suit aces. Unfortunately I still had a heart left and was down one trick. Could I have made the hand?"

The answer is that he could have made the hand two different ways. The first way would be to cash the king of diamonds before starting trumps. This would risk a first round ruff, but would have been the best play.

The second way would be to play dummy's ace of diamonds; not a low diamond when he started that suit. Then he could play the jack of diamonds and let it ride. This play would work because East held three diamonds to the queen, but he would have looked mighty silly if West had shown up with queen and one diamond.

# Fleeing Cubans and Bomber Near Canaveral

DAYTONA BEACH, Fla. (AP)—An armed B26 Cuban bomber flew within striking distance of the missile test center on Cape Canaveral to land here New Year's day and never was challenged by U.S. Air Defense, the Daytona Beach Morning Journal said today.

"Apparently the Air Force doesn't believe the enemy would bomb the Cape," the newspaper quoted a federal aviation spokesman. The Pentagon in Washington began checking the report, the paper said.

Two Cuban Air Force men fleeing after the downfall of President Fulgencio Batista's government landed the plane here, seeking asylum.

They told the Morning Journal they flew into the United States without a flight plan and made no radio contact during the 300-mile trip up the coast until they called the tower at Daytona Beach Municipal Airport for landing instructions.

They said they knew how to fly the "U.S. airways," apparently meaning the authorized route up the East Coast.

First Lt. Chester J. Loewe, public information officer at Dobbins Air Force Base, Ga., said neither the 32nd Air Division log nor the log of the 680th Aircraft Control and Warning Squadron at MacDill Air Force Base, Fla., contained information on the plane.

The 660th monitors air traffic headed north, Loewe said. When a plane penetrates the defense zone and no flight plan is found, F89 fighters from McCoy Air Force Base at Orlando check it out.

Elbert H. Chambers, chief of the Federal Aviation Agency (formerly the CAA) at the Daytona Beach airport, said he understood the Cubans until they asked for landing instructions near Titusville, 47 miles south of here and about 17 air miles from Cape Canaveral.

Asked how the Cubans managed to fly so near the Cape unchallenged, Chambers said the areas immediately overhead and east of the Cape are restricted. But he said the area west of the Cape is not restricted and not in a defense zone.

"Apparently the Air Force doesn't believe the enemy would bomb the Cape," the newspaper quoted Chambers, "and therefore they haven't put it inside the Air Defense Identification Zone. The farther north you go the tighter the air defense becomes."

The Cubans now are living in Batista's home here. They asked their names be withheld because they feared for relatives in Cuba.

## BARNES

Mr. and Mrs. Raymond Ralston are enjoying a trip to El Paso, Texas, visiting Mr. and Mrs. Gilberto Porros. They expect to go on to Tucson, Ariz. Mrs. Lynn Ralston is taking care of the children in their absence, and on Saturday, gave a party for Brenda's sixth birthday anniversary. The little guests were Linda Cutler, Ronny Donaldson, Kathleen Clark, Patsy Ralston of Ludlow, Nancy Quist of Sheffield, and her sister, Mayvis Ralston.

## THANKS

Wish to thank all those who sent cards, gifts and offered prayers. Also Dr. Smith, Dr. Thompson, Dr. Peters, nurses, and aides for their very fine services given me during my stay at the hospital.

fiscal period starting next June 1. The commission report estimated that the present 450 million dollars in sales tax revenues can be more than doubled in the next two years if the levy is extended to:

Machinery, equipment and supplies used in manufacturing and agriculture—19 millions.  
Equipment and supplies purchased by public utilities—60 millions.  
Mining, drilling and quarrying—5½ millions.

False teeth and other supplies used by dentists—one million.  
Electricity bills—27 millions.  
State liquor store sales—13 millions.

Sales of liquor and wine by taprooms—12½ millions.  
The report also said a huge 612 million dollars can be raised if the tax is extended to materials consumed in the manufacturing process such as steel ingots used to make bridge structures.

## BUTLER POST OFFICE

WASHINGTON (AP)—The Civil Service Commission announced Wednesday that Paul R. Faux, J. Paul Doerr and Domenic G. DeMatteis are eligible for the Butler, Pa. postmastership.  
President Eisenhower may nominate any one of the three, subject to Senate confirmation. Faux, now acting postmaster, was among seven applicants for the \$7,030-a-year job.

## DESPONDENT MOTHER

PITTSBURGH (AP)—A Baltimore woman who went to court for permission to see her children during Christmas is reported in fair condition at Allegheny General Hospital after being found unconscious in her hotel room.  
Police Lt. Stanley Marshall said Mrs. Helen C. Kelley, 35, apparently took an overdose of sleeping tablets Wednesday.

HARRISBURG—The membership of the Pennsylvania Bar Association has passed the 6,100 mark—the highest figure in the Association's history—Russell J. O'Malley, Scranton, Chairman of the Admissions Committee, revealed in a report prepared for submission to the Association's Annual Meeting January 20-23 in Philadelphia.

O'Malley also pointed out that the number of County Bar Associations affiliated with the Pennsylvania Bar Association has increased to 58 during the past year with the addition of Crawford and Lackawanna Counties.

Affiliated County Bar Associations are those in which all members of the local association join the State Association. Comprising what O'Malley described as "the dwindling list" of unaffiliated associations are Allegheny, Bucks, Cambria, Chester, Luzerne, Northumberland, Philadelphia, Schuylkill and Susquehanna counties.

"It should be noted," he said, "that every county west of Harrisburg is affiliated with the single exception of Allegheny, and all the northeastern counties are affiliated with the exception of Luzerne and Susquehanna."

Lackawanna, which affiliated with the Pennsylvania Bar Association in June, is one of the largest of the affiliated associations. Its affiliation brings nearly 100 additional Lackawanna attorneys into the State Association and raises the State membership beyond the 6,100 figure.

## GOP Leaders

(From Page One)  
ate Republican Policy Committee, described this as the opening shot in a political barrage he said he expects the Democrats to fire at President Eisenhower's fiscal and national security proposals.

"I am happy the President is making a dedicated effort to balance the budget," Bridges said. "I know he is deeply concerned that every necessary effort be made to maintain the nation's security, and he can be trusted to do that."

"But that won't keep the Democrats from making political attacks on his proposals," Eisenhower will outline his legislative program personally in a State of the Union message Friday, and will send to Congress Jan. 19 what he said will be a budget balanced at about 77 billion dollars.

Johnson served advance notice the Democrats are preparing a rough reception for a budget of this size. They contend it would pinch defense spending and call for retrenchment in many domestic programs. Johnson said "We cannot afford to bankrupt the national conscience to serve the ends of political bookkeeping."

Kuchel, elected Wednesday as assistant GOP leader, said Johnson's attack on the administration makes it clear "there will be no deficit of policies in this session of Congress."

## ALL MUST BOW

The body of Napoleon Bonaparte in Les Invalides lies in a circular crypt beneath the great dome. It is surrounded by a circular walk so that all must bow their heads as they look down upon the shrine.

Funeral Information Will Be Found Under Another Heading

MRS. STINA R. SMITH  
Mrs. Stina Reno Smith, 92 year old resident of Youngsville, died about 5:00 p. m. Wednesday after a long illness. Born December 15, 1866, she had been a resident of that area for many years.

Surviving are two daughters and two sons, Mrs. Robert Pierce and Duke Smith, Youngsville; Mrs. A. D. Parson, Temple, Texas; and Reno H. Smith, Plainview, Texas; also five grandchildren, 11 great-grandchildren, and one brother, D. D. Reno, of Youngsville.

The Rev. F. Eugene Donelson, pastor of Youngsville Evangelical United Brethren church, will conduct funeral services at 2:00 p. m. Saturday and interment will follow in East Branch cemetery. Friends are asked to kindly omit flowers.

## "Choose-It-Yourself" Enlistment Program

The United States Army is now offering the finest enlistment choice in its history according to Sgt. Cunico, local Recruiting Officer. Called the "Choose-It-Yourself" Vocational Training System, the new plan offers a young man the opportunity to choose the exact Army Career Group that satisfies his own desires and aptitudes. Basically, the sergeant said, the new "Career Group" option program guarantees the applicant on-the-job training or formal classroom schooling in one of over 50 "Career Groups" from which he may choose.

In explaining the program, Sergeant Curcio said, the new "Career Group" option program has distinct advantages, both for the Army and for the individual. The Army will benefit by a more effective method of assignment that will integrate readily into the current system of classification and assignment. The individual will benefit by being able to choose training consistent with his desires and aptitudes. Further, under the new program the applicant for enlistment will have a greater number of job areas from which to choose, and will be able to receive precisely the training desired in the area of his greatest vocational interest.

Sergeant Curcio pointed out, the new "Career Group" enlistment program is almost tailor-made for the bright young man or woman who, for some reason does not come equipped with a high school diploma.

For complete information on the new "Career Group" enlistment program or any of the many other Army programs see Sergeant Curcio at Exchange Hotel here in Warren, Pa., or phone Bradford 24-535 collect. There is no obligation for information.

# Union Hoping To Avoid Shutdown In Steel Industry

CHICAGO (AP)—The president of the AFL-CIO United Steelworkers of America says he hopes an agreement will be reached on a new contract with the basic steel industry without causing a shutdown of operations.

David J. McDonald, commenting Wednesday on predictions of a possible shutdown in the basic steel industry next summer, said if there is a closing of mills, it will be the industry that causes it. "We certainly do not want to have a shutdown," McDonald told newsmen.

He said the steel industry press has predicted as inevitable a strike by the steelworkers to enforce proposals in the new contract.

"Our international wage policy committee hasn't even met yet," McDonald said. "I have no idea what our proposals will be. I hope we can conclude agreements without a strike."

Contracts covering more than half the union's 1,250,000 workers in the basic steel industry end June 30. McDonald said negotiations probably will begin in June or earlier to replace three-year pacts negotiated in 1956 after a 34-day shutdown. The industry has had three major shutdowns in the last 10 years.

McDonald was in Chicago for a meeting of the union's 28 district directors, hearing union appeal cases. He said the group has not discussed the new contract negotiations and denied the union has formulated demands calling for wage increases, a shorter work week and other benefits.

He said the only discussions with basic steel industry, involving 92 companies, were in connection with the time and place of the contract talks. These matters, he added, have not been settled.

## De Gaulle To Be First President

(From Page One)  
pite a brisk wind and nippy 42-degree temperatures.

At the Arch of Triumph De Gaulle and retiring President Rene Coty symbolically rekindled the eternal flame that marks the tomb of the Unknown Soldier.

The first among Frenchmen is henceforth first-ranking man in France," intoned outgoing President Rene Coty.

A 21-gun salute boomed across the Seine as diminutive Gen. Georges Catroux reached up to hang the gold necklace of office around the neck of his towering World War II comrade and commander.

The brief ceremony in the presidential Elysee Palace marked the end of the large figurehead role which French presidents had filled under the Fourth Republic. The new constitution De Gaulle rammed through last summer converted the office into one of real power, along the lines of the U. S. presidency.

Coty, the beloved, 76-year-old outgoing chief of state, told his solemn-faced successor: "The people of France, so divided on the surface, have found around you their profound unity."

De Gaulle's elevation ended seven months and a week as premier during which he became the undisputed leader of his country, as he had been at the end of World War II.

# Followers of Batista

The militia still is trying to eliminate the shooting at random in the streets.

Minister of the Presidency Luis Bush said Cuba will demand his extradition on charges of taking away 17 million dollars belonging to the people. U.S. Customs officials said Masferrer's party of 35 men had about \$90,000 when it landed. The men were put on parole to the Miami Immigration Office.

The government banned sales of alcoholic drinks in Havana today in expectation that Castro finally would reach the capital. Officials hoped the ban would prevent heavy drinking that might add to the unstable security situation.

HAVANA, Cuba (AP)—Fidel Castro was quoted today as belittling the U. S. military mission to Cuba and saying its services are no longer needed.

The newspaper Excelsior, in a dispatch from its correspondent in Cienfuegos, said the leader of the successful rebellion against President Fulgencio Batista made this comment: "Nothing they (the mission) taught had any value. The deficiencies of the North American military instruction helped assure the triumph of the revolution."

Cuba is one of 12 Latin-American nations having a military agreement with the United States.

There was no elaboration of Castro's reported criticism.

In another interview, with Diario de la Marina, Castro noted that the United States, the Dominican Republic and Nicaragua had sold arms to Batista but stopped about a year ago.

## Sixteen Are Fire Victims

(From Page One)  
Gardner's sister, May Ruth Haddix, were: Bobbie Woolbright, 11; Peggy Sue Ward, 10; and Linda Fay Ward, 4. Mrs. Haddix was killed in an automobile accident last spring.

The two nephews, visiting from Oklahoma City, were: Hershel Frazier, 9, and Freddie Webb, 12.

The volunteer fire department could only use a pumper truck because no hydrant was within usable distance.

Constable J. B. Richburg said SAID HE BELIEVED THE DIS Gardner said when he left for his hunting trip, two stoves, burning wood, were in use. Richburg said he believed the disaster was caused by the stoves. He said the family apparently panicked when the fire was discovered and ran into one room.

Constable J. B. Richburg said the roof had collapsed before firemen arrived.

## Red Envoy

(From Page One)  
ter political and trade relations between the Soviet Union and the United States—and more contacts in general.

Immigrant groups, spearheaded by Hungarian refugees recently brought to the United States, seem to be becoming more violent in efforts to attract attention to their attacks on the Soviet visitors.

Sign-waving, shouting, spitting and chanting were the principal tactics used Wednesday at the airport and downtown. One young Hungarian woman, arrested for tossing a rock in the general direction of the Soviet party, said she was "sorry I missed." She said her father died in a Soviet concentration camp, her husband spent six years in a work camp and "I see my friends killed by the Russians."

Mikoyan spent a very busy day Wednesday on the first leg of his five-city transcontinental whirlwind tour.

He addressed a group of wealthy and influential Midwest industrialists at the aristocratic Union Club. He told them he had recently seen a secret Soviet motion picture of an H-bomb explosion and that the picture made him wonder whether all the things the Soviet Union is building might not be annihilated in a few seconds.

The Soviet leader was told by his host in Cleveland, multimillionaire Cyrus Eaton, that Eaton hopes the U.S. Congress will remove restrictions on credits and trade to the Soviet Union.

In Detroit today Mikoyan is in the hands of Walter L. Cislak, president of Detroit Edison. He makes a visit to the Ford River Rouge plant and will catch a glimpse of General Motors and Chrysler, two Detroit Edison plants and have luncheon and dinner with Detroit automotive and industrial executives.

# Senate Is Plunged Into Rules Scrap

(From Page One)  
the new Senate Wednesday and won the first skirmish in the rules battle.

But Sens. Paul H. Douglas (D-Ill.), Hubert Humphrey (D-Minn.) and Jacob K. Javits (R-N.Y.) insisted the anti-filibuster coalition is far from locked. They also made clear they are banking on continued help from Vice President Richard M. Nixon, the Senate's presiding officer, who sides with them in contending that each new Senate has the right to adopt its own rules by majority vote.

The point is important, because if Nixon's view is sustained, a simple majority could vote to adopt different rules without operating under the restrictions of prior rules. The rules now permit unlimited debate on any motion to change the rules.

Opposing that is the view that because only one-third of the senators are elected each two years, both the Senate and its rules continue from one session to the next.

The anti-filibuster forces had planned to open the battle with a motion by Sen. Clinton P. Anderson (D-N.M.) that the Senate take up for immediate consideration the adoption of rules for the new Congress.

Instead, Johnson proposed a change in rules to permit filibusters to be halted by two-thirds of the senators present and voting.

This contrasts with the present rules requiring the votes of 66 senators, or two-thirds of all 98 members, to shut off debate. It also contrasts with limitation by a majority of the members, or 50 senators.

# Scientists Say Mechta in Orbit Around the Sun

By HAROLD K. MILES

MOSCOW (AP)—Soviet Scientists figure the space rocket Mechta is now in orbit around the sun. They predict it will reach its top speed of 72,000 miles per hour next Wednesday.

They expect the peak velocity to be reached when the missile gets to the point nearest the sun, a distance figured at about 91½ million miles, in its elliptical orbit.

"At that moment it will reach its maximum speed of more than 32 kilometers (about 20 miles) a second," the official Soviet news agency Tass said.

This will be nearly triple the speed at which the rocket was launched last Friday.

The missile was hurled clear of the earth's gravitational field to become the solar system's first artificial planet.

According to Soviet calculations, the rocket Wednesday had gone more than 621,000 miles on a direct line from the earth. Tass said this distance between earth and Mechta would increase at "a terrific pace since the earth and the artificial planet are diverging in the cosmos."

## All-Star Pro Bowl, Last Play-For-Payers' Showpiece, Sun.

By HARRY GRAYSON—NEA

Last showpiece of the professionals' season—All Star Pro Bowl game Sunday in Los Angeles Memorial Coliseum.

NFL, showing a six per cent increase in attendance, the seventh consecutive year the figure has gone up, will try to fill the coliseum.

The West stars, combatting those of the Eastern Division, will have the slickest of all passing quarterback, champion Colts' Johnny Unitas, backed by Billy Wade of Rams, with receivers like Ray Berry, and backs on the order of Alan Ameche to keep the defense dead honest. Opposing Unitas and Wade in the pitching and ball handling will be Philadelphia Eagles' Norm Van Brocklin and Slats' Eddie LeBaron. Jimmy Brown of Cleveland Browns will have outside help in Giants' Frank Gifford and Alex Webster and others.

The game should be a fitting ending to an over-all season that was tremendous and during which the colleges lost many lengths of ground to the payoff. It could be as rewarding to the millions who see it on television as the college New Year's Day Bowl games were anti-climax on the heels of the scrap between Colts and Giants.

In this era of offensive football, college Bowl games were extremely disappointing.

Iowa was the lone varsity to look decent and give the customers a show and run for their

money, California was grossly overmatched. I wasn't particularly impressed by Louisiana State, with Clemson sticking to the old-fashioned hit-for-three yards routine. Still don't know what the South Carolinas' center was trying to do when the bad pass set up the all-conquering Baton Rouge sides lone touchdown. Clemson didn't pass until there was no more than five minutes to go.

Air Force has made commendable strides in four years, but the chances are its Cotton Bowl game with Texas Christian would be scoreless if they were still playing. The 13 fumbles give you a rough idea. Oklahoma, outsped Syracuse with a fake into the line and a pitch out, right and left. The orange was hitting off tackle when two touchdowns behind and only eight minutes left.

College Bowl games were the biggest advertisement that professional football ever had.

## Height and Speed Helping To Keep Villanova on Top

By DON WEISS  
Associated Press Sports Writer

Villanova's Wildcats, scraping away with blunted claws the last couple of basketball seasons, seem to have honed up a dandy this time around with a coach's dream parlay of height and speed.

The Wildcats, one of four unbeaten left in the nation's major school ranks after Wednesday night's 99-85 whipping of Muhlenberg, have rolled over eight straight opponents with a versatile starting lineup that scales down by stages from 6-8 to 5-9. The schedule hasn't been overpowering although Villanova's victims include the likes of Penn, Duke, Temple and Siena. It's more the ease with which they've whipped through it, averaging a 21-point winning margin.

Boston U. downed Springfield 80-55, but St. Francis (Pa.) was toppled from the unbeaten after bagging seven straight, 87-78 by Youngstown.

In other action Maryland clamped down Duke in an Atlantic Coast Conference test, 64-33, Kent State wrapped up Toledo 58-29 in a Mid-American Conference game, and Oglethorpe dropped a 75-15 blanket on West Georgia.

Texas Christian took over the Southwest Conference leadership with a 2-0 record with a 52-45 victory over Arkansas, and bulky Utah, a bunch of 200-pounders plus, nipped Montana 71-69 in Skyline Conference play.

## Wrestlers Open Home Competition

Home competition for Hal Miller's Dragon grapplers opens in Beauty gym this evening when the JV's take on Oil City Oilers at 7, followed by the varsity wrestlers at 7:30. This is the second meet for Warren, first one being at Oil City last month, at which time they defeated the Oilers. Coach Miller reports all are fine shape after working out during the month layoff. It will be recalled the Dragons are defending Section II champs, something they have infused in their mind.

## Hagan Does Good Job of Guarding Laker's Baylor

Those college basketball coaches who have been bleating about the influence of the offensive-minded professionals on their players, should have been at New York's Madison Square Garden Tuesday night to watch Cliff Hagan of St. Louis.

Hagan was given the job of guarding the Minneapolis Lakers' phenomenal rookie Elgin Baylor in the first game of a National Basketball Assn. doubleheader. The word "guarding" is not often thought of as something that the pros like to do.

But Hagan, an All America at Kentucky, held Baylor to 12 points, half his average, and scored 21 himself as the Hawks defeated Minneapolis 112-95. New York's Knicks skinned by the floundering Syracuse Nats 118-108 in the second game, played under protest by both coaches.

In a Philadelphia doubleheader, the Boston Celtics rolled over Cincinnati 109-95 and Detroit's Phil Jordan scored a lay-up in the last 21 seconds to defeat Philadelphia 107-105.

It was a one-two job for the Hawks, with Hagan's defense complementing Bob Pettit's 38-point performance and 35 rebounds. Both were Garden records this season. Pettit's 38 points topped his own mark of 36 on Nov. 25 and his 35 rebounds bettered Boston's Bill Russell, who had 33.

Nats coach Paul Seymour and the Knicks' Fuzzy Levane both protested officials of the opposing clubs sitting on the teams' benches.

## Sports in Brief

### GENERAL

CINCINNATI—The University of Southern California was placed on two-year probation by the NCAA Council for offering improper inducements to two athletes. The council also ruled that Don Fuell, who was declared ineligible at Auburn, could regain his eligibility by transferring to a college which has not violated the rules in recruiting him. Fuell immediately enrolled at Mississippi Southern.

### BASEBALL

BOSTON—Albie Pearson of the Washington Senators was named the American League Rookie of 1958 by an overwhelming margin over second place Ryne Duren of New York.

LOS ANGELES—The Dodgers announced they will play a record 60 night games at home this year. PHILADELPHIA—Mayor Richardson Dilworth said the Phillies had turned down a "fabulous" offer to transfer their franchise to Minneapolis.

### GOLF

TIJUANA, Mexico—Jim Ferree of Winston-Salem, N.C., won top money in a \$2,500 pro-amateur tournament with a six under par 66.

### RACING

MIAMI, Fla.—Flight History (\$6.90) duelled with Whittedy Cut from wire to wire and won the top event at Tropical Park by a neck.

NEW ORLEANS—Booray (\$7.20) caught the front running Stag Line in the stretch for a length victory in the Fair Grounds' feature.

## Baltimore End Marchetti Leads In A. P. Voting

Gino Marchetti, Baltimore's destructive defensive end, led the voting for The Associated Press' 1958 National Football League's all-pro team, dominated by the champion Colts and the New York Giants.

Marchetti, an eight-year veteran from the University of San Francisco, was the only unanimous choice among the 41 writers who covered the NFL campaign this season. The 6-4, 240-pounder was one of six Colts named to the two units, one more than the Giants.

Johnny Unitas, the great quarterback; offensive end Ray Berry; offensive tackle Jim Parker; defensive tackle Gene Lipscomb and fleet halfback Lenny Moore were the other Colts named.

Linebacker Sam Huff led the five Giants named to the all-pro squad. The others were offensive tackle Rosey Brown, center Ray White, defensive end Andy Robustelli and safetyman Jimmy Patton.

Los Angeles placed three men on offense, guard Duane Putnam, end Del Shofner and halfback Jon Arnett.

Pittsburgh placed two, defensive tackle Ernie Stautner and defensive halfback Jack Butler.

Detroit's Lions also won two places the all-star squad — linebacker Joe Schmidt and defensive halfback Yale, Ary. Cleveland's sole representative was Jimmy Brown, who received all but two of the votes for fullback. Green Bay's honored player was safety Bobby Dillon while middle guard Bill George was the Chicago Bears' man. Offensive guard Dick Stanfel made it for Washington.

Philadelphia, San Francisco and the Chicago Cardinals were not represented.

## Fight Results

Chicago — Bobby Boyd, 160%, Chicago, outpointed Holly Mims, 153%, Washington, 10.

Albuquerque, N. M. — Art Aragon, 151, Los Angeles, knocked out Jess Bogart, 150, Monterey, Mexico, 2.

Stockton, Calif. — Tony Dupas, 136%, New Orleans, outpointed Teddy (Red Top) Davis, 143, San Jose, 10.

## Southern Cal Is Placed on Two Years' Probation

By JIM KENSIL  
Associated Press Sports Writer

CINCINNATI—The University of Southern California, which last year scored the first team triple in NCAA championship history, today was left with crack baseball, tennis and track squads that cannot defend their titles.

And the USC swimming team, boasting Australian stars Murray Rose and John Henricks, is not eligible to challenge Michigan for the NCAA swimming championship because the NCAA Executive Council Wednesday night placed Southern Cal on two years' probation for violation of the NCAA athletic code.

But in an earlier action on the first day of the 53rd annual convention, the NCAA gave new athletic life to football player Don Fuell, key figure in the Auburn recruiting scandal which culminated in NCAA probation for Auburn and Southern Conference disciplinary action which barred Fuell, an end, from participation in SEC athletics.

In a ruling requested by Mississippi Southern College, the council said that Fuell would be eligible to compete in athletics at the Hattiesburg, Miss., school if he transferred from Auburn where he is now a third-semester student. This, in effect, gave Fuell a clean bill of health at any NCAA member school except those in the Southeastern Conference.

Within a few hours after the ruling, it was announced at Hattiesburg that Fuell had entered Mississippi Southern. He already had been accepted for the winter term which began Tuesday.

## Dragons Jolted Over Ankle Fracture

Remainder of Warren High basketball squad are carrying on an important role if they are to survive the upcoming Section II battles. During a practice session last evening, Coach Joe Massa's star rebounder, Mike Cashman, was given a second disappointing setback when he fractured his ankle. A few weeks ago, Mike sat on the sidelines with a cold. Tomorrow begins "Dragons" Section II play with Corry. Coach Massa reported that Mike will be out of action one month. Massa, blue over the loss, told Times-Mirror that Mike will be "tough to replace due to his size and competitive spirit." The injured player was the second highest scorer on the squad. Cashman towers 6' 4", just one inch under Bill McVine's 6' 5", tallest on the team.

## Bobby Boyd Beats Holly Mims With A Split Decision

CHICAGO (AP) — Bobby Boyd is far from being the best middleweight around, but he can qualify as the best scatter-gun fighter.

The loose jointed Chicago Negro windmilled his way to a split 10-round decision over veteran Holly Mims Wednesday night in a televised bout at Chicago Stadium.

In a way, you felt rather sorry for Mims, ranked No. 7 by the National Boxing Assn. Boyd, who is unranked, fights with the turbulence of a storm cloud.

Boyd licked the Washington, D.C. battler in Chicago Stadium in 1956 when Bobby was at his peak and ranked No. 1. They fought to a draw in Miami Beach a year ago.

The enveloping tactics of the octopus-like Boyd and his willy-nilly punching was too much for Mims who constantly was forced into the ropes. But Mims landed the best punches.

Under the five-point must system, Judge Harold Marovitz favored Mims 47-46. Judge Jim McManus and Referee Joey White each had Boyd on top 47-44. The Associated Press gave it to Boyd 47-46.

Boyd had a weight pull of 160% pounds to 155%. The victory left him with a 52-10-3 record. Mims is 45-17-6.

## Curry Expected To Spark Altoona To Dist. Six Title

By FRED WALTERS

HARRISBURG (AP)—Defending western Pennsylvania PIAA Class A champion Altoona still has Jim Curry.

The 6-foot-4 youngster, now a senior, is expected to spark Altoona to another Dist. 6 championship.

But there's a distinct underdog flavor to Altoona's bid for a second straight western championship. The reason is an old familiar name: Farrell.

The word around Dist. 7 is that the Mercer County school is heading back on top, ready to reclaim the western title—and possibly the state title—for the powerful district better known as the WPAL.

When Altoona defeated Dist. 7 champ Charleroi in the western final last year it was a big upset in Pennsylvania scholastic basketball circles, something like the Washington Senators coming along to knock off the New York Yankees for the American League pennant. The WPAL has dominated the west for many years, going back past World War II.

Farrell gave some indication of its strength by beating Altoona 80-40 in an exhibition game some weeks back and has started off its Sect. III league campaign in the WPAL with a 51-41 victory over Sharon, generally its toughest rival in that section and defending league champion.

A survey of sports writers in the western half of the state as the scramble for league and district honors begins in earnest shows a sentiment for Punxsutawney, Bedford and Erie Strong Vincent to repeat as champions in their respective districts.

There are a few other teams to contest it, but the consensus in Dist. 10 is Erie Strong Vincent, the defending Sect. I league and district champion Vincent has a challenge from Erie Academy in its own league. Sect. II has a tight race in prospect with Franklin the favorite and Meadville and Warren rated solid contenders. Corry is the section's dark horse team in Mercer County Class A, its considered a tossup between Sharpville and Hickory Twp.

After surveying the 11 Class A districts in the PIAA (Dist. 12 has no Class A teams), the sentiment is that Farrell and Chester (of Dist. 1) will be the two teams contesting for the state championship at the end of March.

CLEAN FUR PRIOR TO SKINNING

DRY ALL FUR BEFORE SKINNING AND STRETCHING!  
ALL DIRTY FURS SHOULD BE CLEANED—in MOST CASES THIS IS EASIER BEFORE SKINNING. REMOVE BLOOD AT ONCE WITH SOAP AND WATER—RINSE OFF SOAP AND FLUFF DRY. RUB DIRTY MUSKRATS, MINK, ET CETERA, IN SNOW (IF PRESENT) TO FLUFF FUR, THEN SHAKE DRY. OR, HOLD BY TAIL AND RINSE IN WATER, SQUEEZE OUT, THEN DRY. BRUSH BURS FROM FOX, SKUNK, ETC. USE GASOLINE ON GRUBBY DIRT, AND TO DEODORIZE SKUNKS.

Matter of FACT

Although carbon makes up less than 1 per cent of all matter, it is important to all forms of life, for everything that lives or has lived contains it. Carbon is found in a wide variety of forms from soft and slippery graphite to hard diamonds. Because of its softness, graphite makes an excellent lubricant for machines. Mixed with clay and hardened, it becomes "lead" or ordinary pencils.

wildlife assignments and has acquired an all-around background that will be of great value to him as a Game Commission administrator.

Cards Pouring In  
Though this is the season for giving, Game Commission is happy to be on the receiving end. Many big game kill cards are arriving at Harrisburg. Evidently some deer and bear hunters improperly held their report until after the antlerless deer season. According to present records thousands of successful hunters have yet to comply with the law in this respect.

Tagged Animals  
This would be the time for hunters to look up that leg band or ear tag taken from a marked bird or animal during the year. Game Commission will welcome complete information from persons who took such marked game, on what date and in what locality, in the interest of outdoorsmen's future sport.

Rockview Hunting  
Controlled deer hunt on State Penitentiary grounds at Rock-

view during the antlerless season resulted in a harvest of 344 legal deer. A Penn State University graduate student in wildlife management, engaged in a study of deer on the "pen" land, captured and marked 66 deer within the past year. Twenty of these animals were bagged by hunters. Other marked deer were reported seen several miles from the study area last fall. It will be interesting to observe how much the 1958 harvest will reduce damages caused by the deer herd on the penitentiary grounds.

Predators Kill  
Commission paid \$744 to county hunters for predators killed in Warren County. Successful trappers and hunters probated 10 grey fox and 170 red fox.

Unusual Bear Take  
Only one black bear killed in Pennsylvania that was wearing an off-color coat was reported. A student officer said: "For several years men who hunt bears in Tioga County have had their sights on a large, brown-phase bear. This animal has been living in the vicinity of Morris for approximately nine years. Last season a hunter from New Jersey finally bagged it. It weighed 375 pounds, field dressed."

## Methodist Men Have Families For Gathering

SUGAR GROVE—The Methodist Men's Club of Lottsville and Sugar Grove churches invited wives and families of members to the regular meeting, with 45 persons in attendance. Clifford Storms presided and Edwin Young conducted the devotional service.

For the program, Dienne Sawyer and her puppet, Waldo, came from Corry to present an enjoyable entertainment. Mr. Butts, of Falconer, was present to demonstrate a mimeograph machine, since club members are considering purchasing such equipment for use by the two churches. Rev. Alvin Rhodes pronounced the Benediction and refreshments were served by the local group.

Local students returning to Pennsylvania State University Sunday included Judy Morando, Lynda Lyford, Marilyn Miller, Michael Zurkin and Peter Grant. Mrs. Donald Gruber is a patient in Buffalo General Hospital, receiving treatment for rheumatoid arthritis.

Mr. and Mrs. Jay Lloyd Smith and three children, Baltimore, Md., spent a week here with their parents, Mr. and Mrs. Jay Leigh Smith, the children enjoying the deep snow. Campbell Swanson was also a guest at the Smith home.

Mrs. Walter Abbott and young son, Dennis, left Sunday for Philadelphia, where the child will undergo heart surgery early next week.

Mrs. Beatrice Hokanson, Olean, spent Monday and Tuesday with her sister, Mrs. Walter Storms. Weekend guests were Mr. and Mrs. Walter Storms and family, Friendship, N. Y.

Mrs. Kenneth Frank, 41 since she fell in her home several weeks ago, is a patient in the

Jamestown General Hospital. The Well Baby Clinic will be in the cafeteria house next Wednesday at 1:30. Sugar Grove firemen will entertain the Warren County Active Volunteer Firemen's Association at the American Legion Home next Thursday night at 7:00 o'clock.

### Letters to Editor

January 7, 1959  
Editor, Warren Times-Mirror

Sir: In regard to statement in Wednesday's issue stating "The fluoridation debate is bound to bring heated discussions. Privately, its most staunch opponents are fearful that the measure will pass." The first sentence may be true, but I can assure you the second is not. I am one of a group of many must most vehemently oppose such a statement or assumption. I have talked to many staunch opponents Tuesday evening and called some Wednesday after reading the statement and not even one privately or otherwise is fearful that fluoridation will be approved. We believe if council will consider fluoride benefits vs. risks involved over prolonged ingestion, they will vote the issue down 100% especially if they consider their own health. We believe that if they cannot honestly agree as to the opinion of the majority as being for or against fluoridation they will leave it for the citizens to decide at the polls, which everyone must admit would be a democratic solution regardless of final outcome.
